BOOKS OF THE NEW REVELATION

FOREWORD

Dear readers,

You are currently holding in your hands a spiritual booklet that explains, in an accessible form, the most fundamental matters regarding the role of earthly humanity located on planet Earth/Zero on the edge of the zone of displacement. In this domain, live beings who violate the spiritual laws and principles of The Lord Jesus Christ God's Family, the sole Source of eternal life for all inhabitants of Creation. The book will also introduce you to the events, actions, and regularities that take place outside the material reality of this world—specifically in other spheres of the Multiverse, which is formed by a large number of universes that serve as a place for the evolution of countless types of various civilizations. All of this can be found in 31 short chapters serving as a simplified interpretation of the New Revelation of The Lord Jesus Christ by Peter Daniel Francuch and the New Revelation of The Lord Jesus Christ God's Family by Jana Kyslíková, the feminine essence of God/Goddess in a human body who is also the author of this work. It is intended not only for those who read and practice the books of the New Revelation but also for all others seeking the path back to the positive state and wishing to advance more rapidly along the spiral of the spiritual journey.

If someone is brought to the New Revelation, they may not be immediately able to absorb the Truth contained in its chapters, which explain in detail the issues of the functioning of human life and the negative state, interpret the principles of the positive state, clarify information about the structure and functioning of the Multiverse, discuss the essence of the absolute Creator, define the true spiritual laws, and deal with many other topics. Understanding these areas provides a perfect answer to all essential questions of both spiritual and earthly life. Based on their understanding and acceptance, readers on this planet and beyond come to reveal the meaning of the existence of both good and temporary evil that moves this historical stage of Creation. They learn the benefit of their individual being and find an

effective key to how to overcome all kinds of life challenges and problems.

The Spiritual School of The Lord Jesus Christ God's Family is here for those who are already prepared for the highest Truth available on this planet, but wish to familiarize themselves with it in an abbreviated form. The book is written briefly, yet very aptly, clearly, and comprehensibly. Therefore, it will appeal to every reader desiring to familiarize themselves for the first time with the modern-day Word of God, or desiring to refresh their basic knowledge from the already read books of the New Revelation. It is also here for those who want to deepen their knowledge of several important matters for which no space was provided in previous books delivered to humanity by The Lord Jesus Christ God's Family. Among other things, the advantage of the Spiritual School lies in the fact that it contains a number of references to the relevant chapters found in the first and second portions of the New Revelation, which will, if they are interested, familiarize readers even more thoroughly with the topic under discussion. The Spiritual School is thus a universal key to many matters. By understanding them, one can more easily orient themselves in the material and immaterial spheres of life and comprehend the essence of the operation of the Mission of God's Family. Its representatives, guided from within, help to spread Love and light into dark corners, familiarize prepared individuals with key information regarding the fate of humanity in the time of changes, warn against the oncoming New World Order and the upcoming planet-wide chipping of earthlings, and bring to listening souls with open hearts the knowledge of the true God/Goddess—The Lord Jesus Christ God's Family, Who has nothing to do with how He/She is portrayed by various religions.

This eternal Parent, present within the interior of every being, does not need to be worshiped. His/Her desire is to share His/Her Love with everyone and give each person everything necessary for a happy and fulfilled life in the positive state—a destination toward which a part of humanity is heading based on their choices, and where no one suffers in any way anymore. To avoid having to remain in the worsening conditions of this reality when humanity divides—where the negative

state will briefly triumph—you only need this: unconditional Love in your heart and the ability to forgive yourself and others. Everything else, such as the ability to think and act in harmony with this Love, to rid yourself of old negative patterns, and not to support evil in any form, comes with ongoing spiritual growth in connection with exercising your own initiative, supported by The Lord Jesus Christ God's Family, Who leads everyone who surrenders their life to Him/Her through all pitfalls straight into His/Her warm parental embrace. It is so simple, yet for the vast majority of humanity, it remains incomprehensible for now. The Lord Jesus Christ God's Family does not ask anyone to live like a saint, because as long as we live in these gross-material bodies, such a thing is not possible. He/She Himself/Herself experienced this challenging way of life on Earth/Zero twice. The important thing is to be honest with yourself and others, not to pretend, not to play roles, to be authentic in every life situation, and to express your opinion on anything if you feel the need at that moment—all while respecting the individuality of each person, whether they sail on the same spiritual wave as you or stand on the exact opposite side of the barricade, where they play their role the best they can in the given situation. Only the eternal Parent sees into the depths of every being, so only He/She knows best why anyone is the way they are and when the time for their spiritual awakening will come. No one can be judged, because all are beloved children of God who will accept Love as their own by the end of this cycle of time at the latest.

Among other things, The Lord Jesus Christ God's Family is the best Friend to everyone—an absolutely kind, loving, and compassionate being who is the source of all Love and goodness, and the creator of the True Creation. It is to this Creation that beings from the zone of displacement are gradually returning, after the Creator provided them with the space to answer the question of what life looks like without God/Goddess and His/Her true spiritual laws. Had this not occurred, the freedom of choice for these questioners would have been denied, thereby forcing them to remain positive. Only through the Multiverse's experience with the existence of the negative state—which will be eliminated once its usefulness is exhausted—can the fullness of the positive state truly flourish. To ensure that darkness does not last forever

and that the transformation process of humanity is accelerated, the Creator incarnated first as a man into the body of Jesus Christ. Less than 2,000 years later, it was time for the incarnation of the female essence of The Lord Jesus Christ God's Family into the body of Jana Kyslíková, who currently operates on this planet alongside the Team of God's Family, preparing a portion of humanity for ascension to the New Earth. It is from the New Earth that the Team of God's Family will visit this reality in crystalline bodies. Because heaven will connect with earth, we will be the first to bring evidence of the existence of other dimensions within the Multiverse. We are and will continue to be here only for those who are prepared, which is why we will never appear before crowds, ensuring that the free choice of each individual is preserved. Our then completely undisturbed activities will continue on this planet until the division of humanity, and throughout all of Creation until the end of the cycle of time.

The 31 chapters of the Spiritual School were written between April and June 2018. Jana will write their continuation after our Mission is launched from the New Earth.

May the reading of the following chapters bring you personal elevation, a state of perspective, and carry you on waves of high vibrations and good spirits.

With respect, your transmitter of the Word of God**,**

Michal Roj

SPIRITUAL SCHOOL 1

WHICH IS A GREATER SIN: KILLING A PHYSICAL BODY, OR LEADING SOULS AWAY FROM THE LORD JESUS CHRIST GOD'S FAMILY?

Every being consists of a spirit, a soul, and bodies. The physical body is a temporary means of gaining experiences and sensations; once its purpose is exhausted, it decomposes into its original particles. A sentient = self-aware being is not the physical body, but an immortal consciousness—a relative cell of the absolute Creator, The Lord Jesus Christ (soon to be The Lord Jesus Christ God's Family). From a spiritual perspective, the priority is the salvation of Creation through the elimination of the negative state, which threatens and limits all beings of the Multiverse. What is the negative state? The non-acceptance and direct rejection of The Lord Jesus Christ as the sole source of life, and the violation of the spiritual laws of love.

When someone kills the physical body of another being, they violate spiritual laws and will bear the consequences. They can regret their action and ask for forgiveness, learn from their mistakes, and sin no more. They are welcomed like the prodigal son, and after cleansing in the New School, they are accepted into the True Creation. The Lord Jesus Christ forgives everyone who sincerely asks for forgiveness and strives for rectification. Remember that such acts are committed by beings from the zone of displacement = hells, and from planet Earth in 3D/Zero, which serves as a kindergarten for hell and the only contact point between the positive and negative states. These beings are subject to mind control, live detached from the true reality, and are infected with a virus.

When someone leads the souls of other beings away from The Lord Jesus Christ (for those who know the newest nature: The Lord Jesus Christ God's Family), they contribute to prolonging the existence of the negative state, and thereby the suffering of an immense number of sentient beings. From a spiritual standpoint, they are a far greater sinner than a murderer of physical bodies. Yet even such a being has the opportunity to change their approach,

ask The Lord Jesus Christ for forgiveness, and request His/Her help in returning to His/Her loving embrace.

The Lord Jesus Christ God's Family

LOVING EVERYTHING IS A SPIRITUAL TRAP

The Lord Jesus Christ is absolute love, wisdom, goodness, intelligence, justice, forgiveness... He/She loves all beings in Creation, but does not love the negative state, which He/She Himself/Herself did not create, but only temporarily tolerates it for the purpose of a vital lesson. In the body of Jesus Christ, He/She taught the laws of love for God and one's neighbor; in the books of the New Revelation, He/She further complemented and elaborated these laws. We are to love the divine spark—the presence of The Lord Jesus Christ within every being—but we are not to love negative thoughts, actions, or environments—meaning the negative state that infests Creation and seeks to destroy it like cancer. On planet Earth in 3D/Zero, which is under the rule of the Pseudocreators, the Word of God is distorted, and people are driven into spiritual traps, including through various esoteric and religious directions and organizations. One of them is unconditional love for everything and everyone. At first glance, this appears very positive and originating from God, but there is a catch: if we unconditionally love the negative state, we will support it and ensure its existence for eternity. The negative state is the denial of the spiritual laws of The Lord Jesus Christ, and its expansion could lead to the spiritual death of the entire Creation. An example is the misuse of the so-called "Christian" sentiment of Europe's population during organized migration—particularly from Muslim countries—aimed at mixing races, instilling fear, and achieving better control by stripping away the last "freedoms," repressions, etc. Here, love for one's neighbor is purposefully interpreted as a duty to provide above-standard security for people with a different culture, religious sentiment, and morality... at the expense of its own citizens, especially women and children. It is necessary to love with wisdom, to distinguish the positive from the negative, not to cling to anything material, and to rid oneself of all kinds of dependencies. Ask The Lord Jesus Christ within your interior = spiritual heart to lead you out of the negative state, and listen to His/Her still, small voice = intuition; dedicate your time to spiritual work on yourself and surround yourself with people you resonate with. Do not be afraid to change what no longer works in your life (relationships, work, entertainment...) and love The Lord Jesus Christ God’s Family, the divine spark

in all beings, and yourself. By doing so, you will gradually break free from the spider's web of the Pseudocreators' control programs and advance along the spiral of the spiritual journey.

The Lord Jesus Christ God’s Family

LOVING GOD (THE LORD JESUS CHRIST GOD'S FAMILY) ABOVE ALL ELSE

The Lord Jesus Christ (in the new cycle of time, The Lord Jesus Christ God's Family) is the sole source of life in the Multiverse, the eternal Parent of all beings. Loving Him/Her is wise, natural, and desirable. Due to the activation of the negative state, a spiritual fall occurred among many beings who turned against God, and love—through the reversal of frequency—turned into hatred. It has gone so far that many beings deny the existence of God and derive the origin of life from matter. Out of love for Creation, the absolute Parent prepared a plan of salvation, which included the first direct incarnation of The Most High into the physical body of Jesus Christ. He demonstrated love for God and one's neighbor through many concrete examples, always putting love for God in the first place, because He knew that without Him/Her, no life is possible. One example from the Bible (Matthew 12:46-50):

"While He was still talking to the multitudes, behold, His mother and brothers stood outside, seeking to speak with Him. Then one said to Him, 'Look, Your mother and Your brothers are standing outside, seeking to speak with You.' But He answered and said to the one who told Him, 'Who is My mother? And who are My brothers?' And He stretched out His hand toward His disciples and said, 'Look, My mother and My brothers. For whoever does the will of My Father in heaven is My brother and sister and mother.'"

Likewise, in the body of Jana, the second direct incarnation of God (with the new nature of The Lord Jesus Christ), He/She is surrounded by co-workers from the highest dimensions of Creation to lead first a portion of humanity, and later all beings from the zone of displacement, into the positive state, and to forever close the shortened cycle of time during which the negative state is active. Before incarnating into a gross-material physical body, everyone chose which aspects of life they wished to experience. The closest co-workers of The Lord Jesus Christ God's Family face the most challenging conditions in order to demonstrate their love, faith, and devotion to the Mission of God despite numerous obstacles and spiritual trials that are often on the brink of tolerability. They, too, are frequently faced with a choice: God's Family, or an

earthly family. In some cases, they succeed in combining their mission with functioning within a family; however, due to the control programs of the Pseudocreators, this is highly demanding for everyone. It then depends on mutual love whether such a relationship endures or falls apart. Anyone who incarnated here with the task of following The Lord Jesus Christ God’s Family from within has their awakening from ignorance directly encoded in their DNA, along with a strong desire to unite with God's Family and cooperate in the Mission of God. Despite all obstacles and attacks from the Pseudocreators and their henchmen—even through family members—they still hold onto their mission. This does not mean they cannot experience fluctuations and temporary declines on their spiritual path, but they can always return, literally rising like a phoenix from the ashes. Only a great love for The Lord Jesus Christ and the entire Creation can bring about the greatest sacrifices. The Second Coming of The Lord Jesus Christ takes place from the inside out, which is why Jana does not prove Her divinity by any external means, as Jesus did through various miracles. Therefore, everyone who accepts Jana in their heart of their own free will is part of God's Family and contributes to ending the negative state.

The Lord Jesus Christ God’s Family

HELPING ONE'S NEIGHBOR

The Most High, in the body of Jesus, demonstrated not only to His/Her disciples how to live in harmony with the spiritual laws of love. For better understanding, He/She used parables, for example (Matthew 25:34-40):

"Then the King will say to those on His right, 'Come, you who are blessed by My Father; inherit the kingdom prepared for you from the foundation of the world. For I was hungry and you gave Me something to eat, I was thirsty and you gave Me something to drink, I was a stranger and you invited Me in, I was naked and you clothed Me, I was sick and you visited Me, I was in prison and you came to visit Me.' Then the righteous will answer Him, 'Lord, when did we see You hungry and feed You, or thirsty and give You something to drink?' And the King will answer and say to them, 'Assuredly, I tell you, whatever you did for one of the least of these brothers and sisters of Mine, you did for Me.'"

Following the disclosure of the origin of the negative state in the books of the New Revelation, it is necessary to distinguish what is and what is not helping one's neighbor, so that we do not fall into a spiritual trap ourselves and become victims of the Pseudocreators and their henchmen from the hells. It is not said in vain: a kindness to a demon is repaid with hell, the road to hell is paved with good intentions, do not cast pearls before swine, it is like talking to a brick wall. An example is helping people who come with the intention to destroy, kill, and enslave. It is essential to respect the law of free choice and never force help—whether material or spiritual—upon anyone. An advantage is held by those who are consciously connected with The Lord Jesus Christ within their innermost self and allow themselves to be guided by intuition, as they always know what they should or should not do, and whom and how to help. The vast majority of the inhabitants of planet Earth in 3D/Zero lack such a connection; they are controlled up to 95% by negative entities, and their lives reflect this. The spiritual is the source of the material, not the other way around, as many people still believe; therefore, spiritual help is more important than material aid. The sooner the existence of the negative state is brought to an end, the sooner all suffering of beings will cease: hunger, disease, wars, the violent death of the body, and the lack of anything that

makes life worth living. If you give bread to a hungry person, you do not eliminate the root cause of their starvation. It is, of course, a good deed, and from a spiritual perspective, you help yourself, but you help all of Creation far more by working on yourself spiritually and becoming a beacon that lights the way for those lost in the dark. All that glitters is not gold; not all help is true help. It always depends on the intention with which one helps. Some help to appear loving or generous in the eyes of the public, or to gain some benefit. From a spiritual standpoint, such help is completely worthless. Whoever helps out of love expects no reward; they do it because of the principle that doing so is right, serving as an example to all, and elevating both their own spiritual level and that of others.

The Lord Jesus Christ God's Family

THE NAME OF GOD

God is an omnipresent energy, the sole source of life for everyone and everything. Until recently, it did not matter what name beings called Him/Her, because He/She had no form, and it was impossible to imagine or see Him/Her. Everything changed following the fusion (merging) with His/Her first direct incarnation, Jesus Christ, which was completed in 1987 of the linear time of planet Earth 3D/Zero. The body of Jesus was divinized, and since then, the absolute God has borne the name The Lord Jesus Christ. This name carries deep spiritual correspondences (more in Chapter 2 of the New Revelation of The Lord Jesus Christ, available at www.andelenebe.cz/nove_zjeveni_pana_jezise_krista_02.htm). Thanks to the body, which was purified of everything negative originating from the Pseudocreators, every being in the Multiverse can meet God face-to-face without suffering harm due to the vibrational difference. In particular, beings from the zone of displacement could not survive an encounter with absolute love. The New Nature of God, along with the books of the New Revelation, is for many reasons a guarantee of the elimination of the negative state. In order to complete the process of the materialization of God/Goddess, the feminine essence of The Lord Jesus Christ incarnated into the body of Jana in 1957 within the territory of the Czech Republic. Her task, among other things, is to write the second portion of the New Revelation (the continuation in the form of the Supplements is dictated to AA Michal Rafael) and to lead a portion of humanity into the True Creation, most often to the New Earth in 5D, where God's Family will be established through the birth of two children—a boy and a girl, who are again direct incarnations of The Lord Jesus Christ (more in Supplement 1 to the New Revelation of The Lord Jesus Christ God's Family, available at www.bozirodina.cz/NZ-D1.htm). At the end of the cycle of time, when the zone of displacement = the hells is completely emptied—whereby the negative state ceases to exist in its active mode—Jana and both children of God's Family will fuse with The Lord Jesus Christ, and the Newest Nature of God will emerge: The Lord Jesus Christ God's Family. Beings of the Multiverse learn about these changes in the nature of God in connection with the books of the New Revelation, which are written on planet Zero, where the negative state

was activated and where it will also be ended. Therefore, it is vitally important to spread these books among people and other beings, especially those in the zone of displacement. The position of every being in Creation also depends on their acceptance of the name The Lord Jesus Christ, and later The Lord Jesus Christ God's Family. Everyone has the free choice to accept or reject the New and Newest nature of God, but at the same time, they bear the consequences of their choice. After Jana's vibrational shift to the New Earth, God's Family, in the bodies of The Lord Jesus Christ and Jana, and later the children, will show themselves to the beings of the entire Multiverse so that they can have a personal experience with them, touch them, hug them, speak face-to-face, and experience firsthand life in their physical presence. Until the division of humanity on planet Earth 3D/Zero, Jana will meet with prepared co-workers and friends so that together with the team of God's Family in new, perfect, multidimensional bodies, they can spread information about life in all parts of Creation and the zone of displacement, bringing evidence that no one else has yet had or could have available. For now, Jana is a relative Goddess in a body, fulfilling the plan of the absolute Lord Jesus Christ 100%. Everyone who is brought to her (not by chance) has the right to accept or reject her, but according to their free choice, they will align themselves either on the side of the positive state or the negative state, with all the implications and consequences.

The Lord Jesus Christ God's Family

CONVERSION OF FALLEN BEINGS

Before the activation of the negative state, The Most High—now The Lord Jesus Christ, and in the new cycle of time, The Lord Jesus Christ God's Family—promised that He/She would personally undertake the leading of the fallen beings out of the zone of displacement. When the Pseudocreators attacked the True Creation and reached as far as 9D, from where they intended to continue into the highest dimensions in order to subjugate the entire Multiverse, The Most High incarnated into the gross-material body of Jesus Christ. After fulfilling His mission on Zero as well as in the hells—where He stripped the Pseudocreators of their greatest abilities and isolated them in an unknown place so that they could no longer directly intervene in events—He opened a path to the True Creation for all beings within the zone of displacement. This is why Jesus said: I am the way, the truth, and the life. To complete the entire process of emptying the hells, it was necessary to expose the originators of the negative state, the Pseudocreators, and to reveal the circumstances surrounding the activation of the negative state on planet Earth. It was around the period of 1987, when the process of the absolute God's fusion with Jesus Christ was completed, thereby creating the New Nature of God: The Lord Jesus Christ, that the true Word of God was dictated directly from within, without the use of a mediator, to Peter Daniel Francuch, a Czech then living in the USA. The books of the New Revelation are the first Word of God written in literal language; they are the key to the elimination of the negative state. A quote from the Corollaries to the New Revelation of The Lord Jesus Christ:

"The availability of The New Revelation through you and by you (that is, through those who read, accept, and practice The New Revelation for the sake of principle), makes it possible for the agents of the negative state to be converted to the positive state and thus, to be saved. As you remember from The New Revelation of The Lord Jesus Christ, subsequent to it, there are no other means by which this crucial conversion is possible."

The negative state cannot be reformed in any way or merged with the positive state. Therefore, all beings who either entered into the hells

voluntarily or were infected by the Pseudocreators' virus and had their frequency reversed, have the opportunity to convert into the True Creation only by accepting—of their own free will—the New Nature of God = The Lord Jesus Christ as the sole source of life. In 1957, The Lord Jesus Christ incarnated into the female body of Jana to help, in the time of transformation, to lead a portion of humanity into a higher dimension. This permitted a brief pseudo-victory of the negative state on planet Earth 3D/Zero, which was indispensable for answering the question: What would life look like without God = LOVE? Through her vibrational shift to the New Earth in 5D, Jana will become the way for the inhabitants of Earth who meet the conditions for life in the positive state, even without having known Her in a dense physical body. Everyone who is lifted onto the ships of the cosmic people will get to know the Goddess Jana in Her new multidimensional body before being placed on the New Earth or another planet in 5D. The conversion of the beings of hell is directly linked to accepting the New and Newest nature of God and His/Her spiritual principles of love, undergoing the so-called "fumigation" (in other words, the dissolution and removal of all negative traits and thoughts), exchanging their negative body for a positive one from The Lord Jesus Christ, and studying all the books of the New Revelation in the New School (located in the intermediate world, where beings prepare for their next incarnation). Anyone who does not convert by the end of the cycle of time will be taken to the so-called limbo = neutrality, where neither the negative nor the positive state will affect them anymore. There, they will be asked whether they wish to live in harmony with spiritual laws or undergo spiritual death, where their life will be taken away and their elements used for the creation of another sentient = self-aware being.

The Lord Jesus Christ God’s Family

LIFE IN THE POSITIVE STATE

The Lord Jesus Christ is absolutely positive, and therefore creates only loving sentient and non-sentient beings and environments. Due to the law of free choice, He/She permitted the activation of the negative state so that everyone could learn the consequences of such a distorted pseudo-life and never choose it again. Once the question is answered—what would life look like if it were derived not from spiritual principles and not from The Most High, but rather from the natural degree, from the most external position of Creation, and not from the innermost position of Creation as it had always been—the negative state will be completely brought to an end, and all beings will live and create in love, joy, happiness, and abundance for eternity. In the current cycle of time, where both opposing states coexist and influence each other, it is impossible to experience the fullness of a positive life, and therefore no one can yet imagine what such a life will look like. First and foremost, all dimensions will interconnect, and beings will receive new multidimensional bodies that will no longer be bound to any specific environment. They will not have to constantly focus on rejecting negative thoughts, and they will fully utilize their potential to create further worlds and beings, build loving and friendly relationships with others, travel throughout the Multiverse, learn about other civilizations and cultures, and, last but not least, engage in personal and unique communication with The Lord Jesus Christ God's Family. Living in the positive state means loving the absolute God (The Lord Jesus Christ, and in the new cycle of time, The Lord Jesus Christ God's Family), other beings, and oneself, while observing the spiritual laws of love. As Jesus said: "For to everyone who has**,** more will be given…" Everyone who lives positively has, in every respect, everything they need for a fulfilled, happy, and joyful life. The Lord Jesus Christ in the body of Jana will be the first to experience the vibrational shift to the New Earth in 5D, which is already a part of the new Multiverse in the new cycle of time, in order to bring evidence of a new, hitherto unknown life to planet Earth/Zero and the zone of displacement. In this concrete way, He/She will help beings trapped in the snare of the negative state to convert based on free choice, leading to the emptying of the hells. Beings in the positive state within the current cycle of time live

incomparably better than the beings of the anti-universe and Zero. They know no enslavement or forced labor for survival, no mind control, and no lack of anything; their bodies are vital and healthy (with the exception of damage sustained as a result of aiding humanity). They have no need for sleep and possess no excretory organs, as they perfectly convert all food into energy. The higher the dimension, the more freedom, capabilities, and opportunities there are to create through thought alone. Whoever chooses a loving life will, during the division of humanity, be lifted onto the ships of the cosmic people and experience firsthand what it is like in paradise, as described in the Revelation of John (21:1-7):

"Then I saw a new heaven and a new earth, for the first heaven and the first earth had passed away, and there was no longer any sea. I saw the Holy City, the new Jerusalem, coming down out of heaven from God, prepared as a bride beautifully dressed for her husband. And I heard a loud voice from the throne saying, 'Look! God's dwelling place is now among the people, and he will dwell with them. They will be his people, and God himself will be with them and be their God. He will wipe every tear from their eyes. There will be no more death or mourning or crying or pain, for the old order of things has passed away.' He who was seated on the throne said, 'I am making everything new!' Then he said, 'Write this down, for these words are trustworthy and true.' He said to me: 'It is done. I am the Alpha and the Omega, the Beginning and the End. To the thirsty I will give water without cost from the spring of the water of life. Those who are victorious will inherit all this, and I will be their God and they will be my son...'"

It is precisely this promise and prophecy that will be fulfilled for a currently small portion of humanity after the rapture, and later for all beings of the Multiverse. More in the New Revelation, available at https://andele-nebe.cz/svetelna_knihovna_4_cz.htm, and the New Revelation of The Lord Jesus Christ God's Family, available at www.bozirodina.cz/NZMK-obsah.htm.

The Lord Jesus Christ God's Family

REPRESENTATIVES OF THE LORD JESUS CHRIST (THE LORD JESUS CHRIST GOD'S FAMILY)

The concept of a "representative of The Lord Jesus Christ" is explained in the book Dialogues with The Lord Jesus Christ. At the time of the transmission of the first portion of the New Revelation through Peter Daniel Francuch, it was not yet possible to reveal the presence of the second direct incarnation of God/Goddess, The Lord Jesus Christ, on Earth 3D/Zero. Whoever has already become acquainted with this fact and accepted it in their heart is a representative of The Lord Jesus Christ God's Family. Other readers and practitioners of the first portion of the New Revelation of The Lord Jesus Christ will encounter the Newest Nature of God at the latest during the division of humanity. The spiritual level of the inhabitants of Zero is mostly very low due to the control programs of the Pseudocreators, the creators of earthly humanity. Most frequently, beings from the hells and true human beings incarnate here; only a minority originates from the True Creation. If The Most High / The Lord Jesus Christ had not incarnated here, it would be impossible to open the path from the zone of displacement into the positive state and to achieve the future elimination of the negative state. Along with Him/Her, particularly during the time of transformation, millions of beings of light came to help with this challenging task. Everyone fulfills their unique mission here, and only some have a pre-incarnation agreement with The Lord Jesus Christ that they will become His/Her representatives during their life in a gross-material physical body. How do they differ from other helpers? Above all, they accept the New, and some already the Newest Nature of God (The Lord Jesus Christ, The Lord Jesus Christ God's Family), read the books of the New Revelation and try to live in accordance with them, listen to intuition, and allow themselves to be guided by The Lord Jesus Christ (The Lord Jesus Christ God's Family) from within. This does not mean, however, that they are some kind of gurus, or something more than others, because before The Lord Jesus Christ, everyone is equal. They do not have to do anything extraordinary at first glance; mostly they possess no spiritual abilities, they do not perform miracles, and they may even behave negatively if they are under the influence of the Pseudocreators. Through family members and friends, the

Pseudocreators attempt to harm them in various ways and prove that they are no better than other people. No one, however, can take away their faith in the absolute Lord Jesus Christ (in the new cycle of time, The Lord Jesus Christ God's Family); they are able to follow Him/Her even under the most difficult conditions, and they consider their mission to help all of Creation with ending the negative state as a priority. They realize that the Mission of God is not a walk in a rose garden, especially in bodies from the Pseudocreators; they learn to love other beings and forgive them, and to look for the God's spark that connects every being, even the most negative one, with the sole source of life = The Lord Jesus Christ. No one is perfect, and representatives of The Lord Jesus Christ make "mistakes" on their spiritual path as well. They show everyone how difficult it is to live in a hostile environment within an imperfect, limiting body and to find the way back into the embrace of the only true, loving Parent, The Lord Jesus Christ. When they fall and let themselves be led astray by the allurements of the material world, succumbing for a moment to the temptation and glamour of the illusion of the matrix, they rise again and humbly return to their spiritual path. They always have everything they need to fulfill their demanding mission, even though they may not always realize it. Often living below the poverty line, plagued by the financial system, they are nevertheless never without effective help at the right time. They know that everything happens for spiritual reasons and for enrichment; they are an example to others, especially to the fallen beings in the hells who also convert into the positive state, in part due to them. It is not decisive how one behaves externally, but what radiates from within—what motives and thoughts lead to external manifestations—and therefore it is inappropriate to judge anyone. Representatives of The Lord Jesus Christ (The Lord Jesus Christ God's Family) are guided from within by the absolute God, which includes the closest co-workers of His/Her direct incarnation, Jana, the Team of God's Family. This is what distinguishes them from members of various external organizations, churches, and sects. They are synchronized; some transmit the new Word of God in the form of messages, poems, and conversations, always in accordance with the books of the New Revelation. For more perceptive individuals, the perfection of the plan of The Lord Jesus Christ's is evident in their daily work. After the vibrational shift of Jana and selected co-workers to the New Earth, there will be a more significant acceleration of the transformation of humanity and the spreading of the truest information among the spiritually awakened, so that as many people as possible can be raptured and saved from the New World Order.

ENTERING INTO THE INTERIOR

It is written in the New Testament of the Bible (John 4:24):

"God is Spirit**,** and those who worship Him must worship in spirit and truth."

One of the reasons why The Most High incarnated into the body of Jesus on planet Earth/Zero was the necessity to improve communication with all beings, particularly within the zone of displacement and on Zero, so that the negative state could be brought to an end. Following the fusion of Jesus' body with The Most High, the New Nature of the Absolute God was created—The Lord Jesus Christ, Who can manifest in a body to anyone within Creation and the hells, and establish personal contact with any being, always in accordance with the law of free choice. To establish communication with The Lord Jesus Christ, it is necessary to enter one's interior (the spiritual heart), where He/She is present. For beings of the positive state, this is simple, as they are not limited by anything or anyone; however, for beings from the anti-universe and planet Zero, it is much more complex due to control programs, reversed frequencies, viruses, and the encapsulation of the spirit and soul. As the division of humanity on Zero approaches, the positive state draws closer to the negative one, which results, among other things, in easier communication with The Lord Jesus Christ and the spiritual family, but on the other hand, in greater contamination by the Pseudocreators and demons when entering within. Establishing a proper connection with The Lord Jesus Christ is linked to accepting His/Her New Nature. Nowadays, it is no longer appropriate to use any rituals or memorized formulas, because anything that is constantly repeated supports the negative state and allows dark beings to masquerade as The Lord Jesus Christ or angels of light. An exception is the use of the universal Prayer of The Lord Jesus Christ from the New Revelation, available at www.bozirodina.cz/Modlitba.htm, which facilitates access to the True Lord Jesus Christ. Everyone is at a different spiritual level and has a different soul plan, and therefore a universally applicable guide for entering within cannot be provided; however, some proven methods that can help can be outlined:

1. A sincere desire from the heart to establish direct communication with The Lord Jesus Christ and the spiritual family,

2. Eliminate fear, impatience, expectations, and thoughts,

3. Find a quiet environment and a comfortable body position,

4. Visualize The Lord Jesus Christ (a picture may help, ideally the closest likeness of The Lord Jesus Christ),

5. Ask The Lord Jesus Christ to establish communication with Him/Her or another being of light,

6. Request protection from negative beings (ideally in the form of the aforementioned Prayer of The Lord Jesus Christ),

7. Ask questions and listen to the answers, which may arrive in various ways: telepathically = thoughts, intuition = the first idea, a feeling that will guide you, automatic writing...

Do not be discouraged if you do not succeed on your very first attempt; examine your reasons and motives, do not blame yourself, forgive yourself, and love. The higher your vibrations are, the more easily you will connect with The Lord Jesus Christ and the spiritual family. Raising vibrations is not just about positive thoughts, lovingness, and joy, but primarily about spiritual work on yourself. Regularly reading and practicing the New Revelation expands consciousness and accelerates advancement along the spiral of your spiritual journey. A sorrowful representative of The Lord Jesus Christ has higher vibrations than a cheerful "sunshine person" who loves everyone and everything without wisdom and without distinguishing the positive from the negative. For everyone who has been introduced to the New Nature of God, using any name for God other than The Lord Jesus Christ will automatically lead them to the Pseudocreators and their lackeys, who skillfully disguise themselves even as The Lord Jesus Christ Himself/Herself. This also applies to those who became acquainted with The Lord Jesus Christ God’s Family (the future Newest Nature) and for any reason did not accept it, turning their backs on it. In such a case, even using the Name The Lord Jesus Christ will not lead to a connection with Him/Her.

The Lord Jesus Christ God’s Family

FORGIVENESS

The Lord Jesus Christ forgives all beings in the Multiverse without distinction for any acts, even the most horrific ones (this applies to the vast majority of beings in the zone of displacement and on planet Earth 3D/Zero). This does not mean, however, that these beings who violate the spiritual laws of love do not bear the consequences of their decisions and actions. Until the end of this cycle of time, while the negative state is active, they are located outside the True Creation within the hells, where they live under the rule of the Pseudocreators. Thanks to the incarnation of The Most High into the body of Jesus, the entry of Jesus into the hells after the crucifixion, the temporary separation of the Pseudocreators, and later the emergence of the New Nature of God (The Lord Jesus Christ) and the writing of the books of the New Revelation, it is possible for every being from the zone of displacement to convert into the positive state on the basis of free choice (more in the Spiritual School of The Lord Jesus Christ God's Family 6, available at http://svetelneinfo.cz/duchovni-skola-pana-jezise-krista-bozi-rodiny-6/). No one, except the absolute Lord Jesus Christ, can be perfect, because everyone is a relative being. The greater the distance from The Lord Jesus Christ in a spiritual sense, the more violation of spiritual laws, the worse the quality of life, and the less love. An essential part of the return of the fallen beings is forgiving oneself and others. Jesus said (Luke 17:3-4):

"Watch yourselves! If your brother sins, rebuke him, and if he repents, forgive him. Even if he sins against you seven times a day and seven times comes back to you saying, 'I repent,' you must forgive him."

Whoever is unable to forgive accumulates anger, a sense of grievance, regrets, thoughts of revenge, and other negative energies within themselves. These phenomena consume them, lower their vibrations, and worsen both their health and their relationships with others. Through forgiveness, one gradually rids themselves of these negative phenomena—literally dissolving and washing them away—and in their place come relief, a sense of fulfillment, love, tranquility, and peace in the soul. The ability to forgive is directly linked to an individual's spiritual level. The greater the understanding of the reasons

for the existence of the negative state, the higher the perspective and the smaller the emotional reaction to anything negative, such as wars, terrorism, politics, and so on. Forgiveness does not mean approving of or tolerating negative behavior. No one is obliged to endure violence, theft, and other crimes; everyone has the right to the protection of their health and life. An advantage is held by all followers and representatives of The Lord Jesus Christ (as well as those who know The Lord Jesus Christ God’s Family), because they live consciously, listen to intuition, are gradually guided out of all problems, and perceive the protection of the absolute God. Whoever surrenders their life to The Lord Jesus Christ (The Lord Jesus Christ God’s Family) does to have no worries, because only from the absolute position can it be known what is best for each relative being's individual growth. By doing so, one rids themselves of their shortcomings, learns to forgive, love with wisdom, and better understand and observe spiritual laws; in other words, they ascend along the spiral of the spiritual journey and draw closer to the absolute Lord Jesus Christ.

The Lord Jesus Christ God’s Family

EGO

Every being has three main levels of the mind: the innermost, the inner, and the external (more in the Fundamentals of Human Spirituality, available at http://www.andele-nebe.cz/zaklady_lidske_duchovnosti_2_2.htm).

A part of the external mind is the so-called Ego = personal consciousness. In the positive state, all minds are interconnected, and thereby no distorted perception of reality can occur, and every being has a direct connection with the sole source of life, The Lord Jesus Christ. The consequence of the activation of the negative state was also the fabrication of human creatures by the Pseudocreators, who used 95% animal genes and only 5% true human ones, which were endowed by The Most High (now The Lord Jesus Christ). Everyone who incarnates into this body has an encapsulated spirit and soul, and thus negligible access to their inner and innermost minds; the connection with The Lord Jesus Christ in the spiritual heart is limited to 5%, which creates space for the manipulation of the external mind. The Pseudocreators created an ingenious system of control programs by with they maintain their sheep in ignorance, lies, fear, and a superficial way of life. It is only due to the Second Coming of The Lord Jesus Christ, which has been taking place from the inside out since the late 1950s—encompassing the second direct incarnation, Jana, and all the books of the New Revelation—are an increasing number of people awakening, expanding their consciousness, raising their vibrations, and gradually un-encapsulating their spirit and soul. Anyone who embarks on their individual spiritual journey rids themselves of control by dark beings and improves their connection with The Lord Jesus Christ within (without even knowing the true name of God = The Lord Jesus Christ). At the highest spiritual level are those who, through the books of the New Revelation, learn the truth about the activation of the negative state, accept the New or Newest Nature of God, and surrender their lives to Him/Her, thereby subjecting their external mind, specifically the ego, to the guidance of The Lord Jesus Christ within. By doing so, they can rid themselves of control programs from 95% down to 10%, and exceptionally even less. What does the saying "having a big ego" mean? From the information above, it clearly follows that the ego is a

part of the controlled external mind, linked to the animal genes from the Pseudocreators, and is therefore characterized by selfishness, competitiveness, comparing oneself with others, highlighting one's own merits and abilities, and defending one's territory (for example, material possessions or a certain group of people). The Pseudocreators rule over humanity and the entire zone of displacement by the method: divide and conquer. Through the ego of beings, they induce fear, strife, a sense of lack of anything, and the lowest instincts so they can feed on negative energies. Everyone has the ability to change within their DNA, meaning that even the most negative being from hell can find the way back to the True Creation. Until the end of this cycle of time, there is an option to choose between the positive and negative states. Whoever accepts The Lord Jesus Christ within and allows themselves to be guided by intuition becomes more loving, less selfish, gains a higher perspective, and does not allow themselves to be dragged into useless disputes, having no need to prove their superiority over others. This does not mean they will tolerate being attacks by negative beings; they simply trust internal guidance and do only what they feel. The problem is that many so-called spiritual and loving beings are guided directly by the Pseudocreators, who know how to masquerade even as The Lord Jesus Christ Himself/Herself because, due to a "big ego," they failed to connect with the true Lord Jesus Christ within, consider themselves infallible saviors of others, and are then unable to accept the truth from the books of the New Revelation or the Goddess in a body. Every single one of them demonstrates the demanding path back to the positive state and contributes to ending the negative state, even though some are temporarily going in the opposite direction.

The Lord Jesus Christ God’s Family

WHY IS THE DIVISION OF HUMANITY NECESSARY?

Planet Earth 3D/Zero is a stage where life without God is displayed, and at the same time, it is the only place in the Multiverse where beings from both the positive and negative states incarnate. It was displaced in space and time by the Pseudocreators for the sake of an experiment: What would happen if someone attempted to explain the origin of all life through natural processes, without taking into account any non-natural or spiritual causes? What would human life be like without any spirituality? The Pseudocreators fabricated not only the bodies of the human creatures living here, but also all the fauna and flora, using stolen material from the True Creation of The Most High (now The Lord Jesus Christ), which they defiled and to which they added negative elements. Only in connection with the disclosure of these facts in the books of the New Revelation is it possible to embark on the path back and transform humanity—in other words, to return it to where it belongs, to its only Parent, The Lord Jesus Christ. Since nothing from the negative state can be transferred into the positive state, the material bodies of humans, animals, plants, and planet Earth 3D/Zero cannot ascend into the 5D of the new Multiverse in the new cycle of time. Furthermore, it is necessary to complete the experiment and allow the negative state to triumph for a brief moment, so that no one will ever choose it again in the future. The Bible already speaks of the division of humanity, only in different words, most frequently in parables (Luke 17:34-36):

"I tell you, on that night two people will be in one bed; one will be taken and the other left. Two women will be grinding grain together; one will be taken and the other left. Two men will be in the field; one will be taken and the other left." When they heard this, they asked Him, "Where, Lord?" He replied, "Where there is a dead body, there the vultures will gather."

Whoever chooses a life in harmony with the spiritual laws of love through their thoughts and actions will be raptured from this reality of Earth 3D/Zero, most often with the help of the star people, first onto their ships. After raising their vibrations and becoming acquainted with the truth, their body will be exchanged for a perfect duplicate from The Lord Jesus Christ, and they will

then be placed on the New Earth or another suitable planet in 5D. Exceptionally, the vibrational shift of the body will occur directly. Even during this process, the dense physical body from the Pseudocreators will decompose into atoms and be replaced by a duplicate. The same is already happening with selected fauna and flora. Nothing can be lost, not even any of the pseudo-creations from the zone of displacement; they will merely be stored in the lake of fire and sulfur (from the Bible), in today's language a cosmic database, so that everyone has the opportunity to know them without having to experience the consequences of life in the negative state firsthand. The vibrational shift in both ways is not the same as the death of the body, because it is a continuation of the same life, only in qualitatively different conditions, without staying in the intermediate world where the soul prepares for the next incarnation into a body. Following the rapture of loving people, the Pseudocreators will return to this planet to directly take over the rule of their pseudo-created humanity and display the answer to the aforementioned question. They will introduce the New World Order and microchip people, thereby increasing the level of control from 95% to 99.99%. Meanwhile, the raptured portion of humanity will live on the New Earth together with The Lord Jesus Christ God’s Family in love, joy, happiness, and an abundance of everything that makes life pleasant and fulfilled. At the right time, the negative state on Earth 3D and throughout the entire zone of displacement will be brought to an end, because the memory of all remaining unconverted beings will be opened, and they will have enough information to choose life in the new Multiverse of The Lord Jesus Christ God’s Family, where there is no longer any negative state and beings will experience the fullness of life in the positive state without limitations for the very first time.

The Lord Jesus Christ God’s Family

WARNING

Before the division of humanity, every inhabitant of Earth 3D/Zero will receive a gift in the form of a personal encounter with The Lord Jesus Christ within, giving them a chance to change and avoid experiencing the pseudo-victory of the negative state on this planet. This does not mean that everyone will be able to accept the offered hand of God, but the event will remain in the genetic memory of all participants. It will assist even those who remain here, making their path back to the positive state easier at any time in the future. On a single day, all control by the Pseudocreators will be halted for 15 minutes, and every inhabitant over the age of seven will see The Lord Jesus Christ with their inner sight, in a form tailored to their spiritual level and faith. During this time, a review of their life from the perspective of other people will take place; it may resemble the last judgment, but everyone will be a judge to themselves. Following this, they will visit both heaven and hell in their mental body—meaning a place in both the positive and negative states—so they can have firsthand experience with both contradictory ways of life. This experience will cause a significant stir across the entire planet. However, because it cannot be proven by any external means, the media, ruling elites, scientists, and other influential persons will downplay it and explain it in various ways, most often as mass hypnosis. For many, nevertheless, it will serve as confirmation of the existence of God. Especially those who have any experience with internal guidance will work even harder on their spiritual growth and help spread information about the rapture of the prepared into heaven (the higher dimension of the True Creation). The Lord Jesus Christ adapts His/Her word to the spiritual level of the recipients, and therefore He/She has commissioned multiple emissaries around the world to prepare as many people as possible for this extremely important event. An example is the prophetess Maria Divine Mercy from Ireland, who primarily assists believing Christians (available at https://varovani.org and https://jezis-kristus-varovanie.net). The highest truth, not only regarding the Warning, is brought by the book The New Revelation of The Lord Jesus Christ God's Family, available at www.bozirodina.cz/NZ-31.htm. After the vibrational shift of Jana and her closest co-workers to the New Earth, the Mission of God's Family

will be fully launched, which will also accelerate the spreading of information about the approaching division of humanity, the necessary victory of the negative state on Zero, and life in both paradise and the zone of displacement. The Warning will serve primarily for self-examination, revealing dark sides that are often hidden beneath the surface and masked by good intentions. In particularly dark human beings, it may provoke fierce resistance and disgust, but it will always serve a positive purpose—like everything The Lord Jesus Christ does to bring the negative state to an end and ensure a future full life without limitations. Since the Warning concerns practically everyone on Zero regardless of their faith, including atheists, it is desirable to share this information in an appropriate manner without forcing it upon the greatest possible number of the planet's inhabitants. This is called sowing seeds that will germinate sooner or later, bearing fruit in the form of entering the spiritual path back to the positive state.

The Lord Jesus Christ God’s Family

GOD (THE LORD JESUS CHRIST) IS NOT THE ORIGINATOR OF THE NEGATIVE STATE

The Lord Jesus Christ is absolute love; there is nothing negative within His/Her nature. How is it possible that He/She permits so much suffering, war, injustice, and poverty? Only the books of the New Revelation bring answers to these questions, which are asked by many beings, not only on this planet Earth 3D/Zero. Above all, even the absolute God must observe His/Her own spiritual laws to prevent the destruction of all Creation. One of these important laws is the law of free choice. Every sentient = self-aware being has the right to accept or reject even the single source of life, The Most High, now The Lord Jesus Christ, along with all the implications and consequences. On the original planet Earth, a group of scientists lived who posed the question: What would life look like if it were conceived and explained as originating not from The Most High and His/Her spiritual principles, but from nature, or someone or something else? Every spiritual question must be answered. Since the idea of activating the negative state arose in the minds of relative beings, it cannot endure eternally. Once the aforementioned question is answered exhaustively—which is happening precisely during the current shortened cycle of time that is already drawing near its end—the negative state will be eliminated forever. These scientists became the Pseudocreators, who experimented with genetic material, and the result of their genetic engineering is also humanity on Earth. Moving from an ape-like creature through many unsuccessful attempts, they worked their way to a human creature that satisfies their requirements for displaying life without God. The consequences of such a pseudo-life are evident at first glance: the struggle for resource supplies, competition, cruel treatment of people, animals, and nature, manipulation and lies, fear, disease, and death… To allow the negative state to triumph for a short time, its activators, the Pseudocreators, must return to Earth 3D/Zero. They are approaching on the planet Nibiru, and following the rapture of loving people into the True Creation, they will take over the rule of humanity, introduce the New World Order, chip the inhabitants, and turn them into slaves without free will. Only then will this experiment be concluded once and for all by the final phase of the second

coming of The Lord Jesus Christ. Everyone is here voluntarily based on free choice and an agreement with The Lord Jesus Christ, having also consented to the erasure of their memory of this agreement. Therefore, any reproaches directed at the absolute God only lead to the deepening and prolonging of the negative state and a greater decline on the spiritual path. Whoever wishes to break free from the control programs and return to the positive state as quickly as possible, let them enter their interior as often as possible, love The Lord Jesus Christ, their neighbors, and themselves, forgive, and, if it is in their soul plan, read the books of the New Revelation for the sake of understanding, raising their vibrations, and achieving a better connection with the absolute God = The Lord Jesus Christ. All of this must be done out of free will, not for personal benefit or advantages. In Chapter 12 of the book The Main Ideas of the New Revelation: Summary of the Main Concepts and Ideas of the Current New Revelation, those interested will find the most essential information, not only regarding this topic, available at https://andele-nebe.cz/nove_zjeveni_pana_jezise_krista_12.htm.

The Lord Jesus Christ God's Family

THE PSEUDOCREATORS

In the books of the New Revelation, the reason for and the manner of activating the negative state, as well as the role of the so-called Pseudocreators—originally true humans endowed with immense knowledge and abilities by The Most High—are explained for the very first time in literal language. In the course of their experimentation, the most inquisitive among them posed the question: What would life look like if it were derived not from spiritual principles and not from The Most High, but rather from the natural degree, from the most external position of Creation, and not from the innermost position of Creation as it had always been? As with everything, the absolute Most High anticipated this question. For the sake of the enrichment and the salvation of Creation, He/She permitted its full answering during one shortened cycle of time, thereby allowing the negative state to be displayed with all its implications and consequences. Original humans were androgynous; later, a split into male and female physical forms occurred (see the story of Adam and Eve in the Bible). However, these humans still maintained a connection with The Most High and were unable to accept the negative state. Therefore, the Pseudocreators experimented with various life forms, embedding negative elements into them (dinosaurs are an example), to establish a foundation for fabricating a new type of human that would have negative traits built into its genes. They took the most external copy of planet Earth and displaced it in space and time to a period before the emergence of life, launching so-called evolution by placing several cells into the ocean. Through genetic engineering, they populated the planet with various plant and animal species to make it appear as a random origin of life that does not come from The Most High (see Darwin's theory). By crossing 95% animal genes with 5% true human genes from The Most High, they created the caveman, and through gradual, often unsuccessful interventions, they brought their work to the form of the human creature that satisfies their conceptions. The Pseudocreators themselves settled in the lowest level of the hells = the zone of displacement, exchanging their original human bodies for reptilian ones to induce fear and better control beings who had either fallen as a result of turning away from The Most High or were directly their own

pseudo-creation. Until the first incarnation of The Most High into the body of Jesus Christ, they ruled over the entire planet Earth 3D/Zero and the hells, from where it was impossible to return to the True Creation. Only the salvific act of Jesus opened this path, among other things by stripping the Pseudocreators of some of their capabilities and placing them in isolation from others. Shortly after the fusion of The Most High with Jesus, which created the New Nature of God = The Lord Jesus Christ (1987 of the linear time of Zero), the Pseudocreators were released to return to Earth 3D/Zero, take over the rule of their pseudo-humanity in person, and conclude the display of life without God and His/Her principles of love. They plan to chip people to turn them into remote-controlled puppets. Simultaneously, with the help of modern technologies, they are developing so-called superhumans with extraordinary abilities to launch a desperate attempt to attack the True Creation, reach The Lord Jesus Christ, strip Him/Her of His/Her absolute power, and thereby destroy the entire Multiverse. This idea of theirs is completely misguided and unfeasible; it merely proves that they are relative beings who have their limitations. At the end of this cycle of time, they too will have the opportunity to convert into the positive state, like all beings from the zone of displacement. Many Pseudocreators have already done so and will do so based on the operation of Jesus Christ, and now Jana and the Mission of God's Family.

The Lord Jesus Christ God’s Family

NEW EARTH

Every planet is an advanced sentient = self-aware multidimensional being. In each dimension, it also possesses a natural body that provides a home and everything necessary for other beings, such as humans. The Earth was created by The Most High as a cosmic library with many diverse species of plants and animals, serving as a genetic pool for the creation of further worlds by relative beings. Following the activation of the negative state, the Pseudocreators took its most external copy and moved it to the edge of the zone of displacement, into a special position between the positive and negative states, in order to display life without the spiritual principles of love. Due to this unique position, it is named Earth 3D/Zero (more in Chapter 17 of the New Revelation of The Lord Jesus Christ, available at https://andele-nebe.cz/nove_zjeveni_pana_jezise_krista_17.htm). Since the 1950s, the second coming of The Lord Jesus Christ has been taking place, along with the transformation of humanity and planet Zero. Every inhabitant chooses where they will live after the division of humanity—whether they will remain on Earth 3D, which will plunge into the hells after the second coming of the Pseudocreators to display the answer to the question—or whether they will be raptured onto the ships of the cosmic people and transferred in a new body to the New Earth in 5D. This choice concerns those people who do not leave Zero through the death of the body. The New Earth is created by The Lord Jesus Christ in the new cycle of time within the new Multiverse and will be home to 600 million people. It is also the place where The Lord Jesus Christ God's Family will live with His/Her closest co-workers in the Spiritual Center of God's Family. Beings from many levels of Creation will meet here, and from here, the Team of God's Family will also operate within the zone of displacement to help fallen beings convert, thereby eliminating the negative state. Simultaneously, it will operate within the True Creation to bring experiences from both opposing states and facilitate the choice for beings at the end of the cycle of time. The Lord Jesus Christ God's Family, in the bodies of a man, a woman, and two children, will show Himself/Herself to the beings of the Multiverse and establish more personal and loving relationships with them than in the time before the emergence of the New and Newest Nature

of God. The New Earth is a paradise planet with one indented continent around the equator and numerous islands in the northern and southern oceans. Nature is diverse, lush, and abounds with vibrant colors; animals are peaceful, and plants here do not dry up or wither because in the positive state, everything is supplied with the energy of the sole Source of life, The Lord Jesus Christ, without limitations. People here will live in peace, love, and an abundance of everything, without a financial system, slave labor, or control programs. They will have the opportunity to travel throughout the Multiverse, learn about other civilizations and planets, solar systems, and galaxies, and establish friendly relationships with other beings. The planet-wide language will be Czech, as the most perfect, most expressive, and most precise language, created not by the Pseudocreators like other languages—especially English—but by The Lord Jesus Christ, brought by chosen beings to the territory pre-selected for the future Mission of God and the second direct incarnation. Telepathic communication and many other abilities that make life easier and more pleasant will, of course, be a matter of course.

The Lord Jesus Christ God's Family

SEXUALITY

Sexuality is a conductor of all aspects of life from its original source—The Lord Jesus Christ—to diverse carriers of life. Without sexual energy, it would be impossible to create further relative beings and environments, or to share and sustain life within the Multiverse. In order for the Pseudocreators to succeed in their intent to display life without God, they had to restrict the connection with The Most High through sexuality as much as possible. The result of their fabrication is human sexuality, which has very little in common with true sexuality in the positive state. While loving beings of the opposite sex in the True Creation share the spiritual, mental, and physical qualities of their unique personalities during the sexual act and experience unimaginable and long-lasting pleasure, humans on Zero are limited merely to the physical intercourse of sexual organs inappropriately located near the excretory organs, additionally depending on the man's ability to achieve an erection, which is uncertain for various reasons. To make matters worse, through upbringing, religion, so-called morality, and other systems of control, people are fed false and distorted information about sexuality to induce feelings of shame, embarrassment, and revulsion, leading to frequent disorders, illnesses, perversions, and other kinds of suffering. Human beings are unable to align with and experience each other and, with few exceptions, cannot experience orgasm together or feel what their sexual partner feels, often resulting in pretense, feelings of unfulfillment, and disappointment. Since nothing from the negative state can be transferred into the positive state, the transformation of humans will involve exchanging the body from the Pseudocreators for a perfect crystalline body from The Lord Jesus Christ, which lacks anomalies, including the penis and vagina. The quality of sexual life in these new bodies will be incomparably better than anyone can imagine. Even beings in the current cycle of time, where both opposing states coexist, cannot experience such an amazing sexual union as those who are already part of the new Multiverse in the new cycle of time, as they must still focus on discarding negative thoughts. Everyone who is raptured and transferred to the New Earth during the division of humanity will discover a completely new sexual experience linked to the New and Newest Nature of God. Due to both

incarnations of The Most High into the body of the man Jesus and the woman Jana on Earth 3D/Zero, human sexuality—purified of everything negative—has been and is being integrated into the absolute sexuality of The Lord Jesus Christ (The Lord Jesus Christ God's Family), giving rise to a completely new kind of sexuality that was previously impossible. In this way, The Lord Jesus Christ fulfills one of the most important promises He/She made before the activation of the negative state: that following its elimination, changes would also occur in the realm of sexual relationships. As it is written in the Revelation of John (21:5):

"Look! I am making everything new."

The Lord Jesus Christ God's Family

MARRIAGE

True spiritual marriage is a union of goodness and love, and truth and wisdom—of the feminine and masculine principles. It never designates a relationship between one physical man and one physical woman. In the positive state, marriages in the earthly sense do not exist, because beings possess the freedom to establish any relationships, including sexual ones, for the purpose of better understanding themselves, others, and The Lord Jesus Christ within. This does not mean that someone cannot decide on a long-term relationship with one being of the opposite sex (homosexuality is the result of the defilement of spiritual principles by the Pseudocreators), but it is always a mutual free choice. When any relationship exhausts its usefulness and meaningfulness, it is brought to an end without feelings of loss, disgust, or animosity. Only in the negative state—where everything is turned upside down and where, due to the genetic manipulations of the Pseudocreators, the connection of human beings with the source of life was restricted—is the concept of marriage completely distorted. Negative traits were built into true human creatures: jealousy, a sense of possessiveness, the exploitation of others, manipulation, arrogance, selfishness, false expectations, and so on. The original, purely positive goodness, love, truth, and wisdom were forcibly joined with evil, hatred, lies, and cunning, which precludes the existence of true spiritual marriages on planet Earth 3D/Zero and throughout the entire zone of displacement. It is impossible to combine the positive and negative states, the universe and the anti-universe, as this would result in the destruction of everyone and everything. A true marriage can only be entered into after leaving the body provided by the Pseudocreators and undergoing a thorough purification from all contamination and defilement by the negative state, either after the death of the body or the vibrational shift during the division of humanity. The Lord Jesus Christ always serves as an example to others, and therefore He/She will enter into a marriage with His/Her feminine essence, Jana, after the vibrational shift to the New Earth, where her body will already be divested of everything negative. Through this external = physical union of the masculine and feminine principles, He/She will show the way out of the snare of the negative state to all beings in the hells and true human

creatures on Earth 3D. The birth of twins—two direct incarnations of The Lord Jesus Christ—will create the complete God's Family, which will live with people on the New Earth and visit beings throughout the entire Multiverse. An eternal relationship exists only with The Lord Jesus Christ God's Family; all other relationships are fleeting and temporary. How will earthly spouses and families fare during the division of humanity? It always depends on spiritual relationships and levels. Before their incarnation, everyone chooses their family members—including spouses and sexual partners—and the experiences they need to experience and display. Some already live here with a partner with whom they spiritually resonate, and therefore they can (though do not have to) live together on the New Earth as well. In cases where spouses live together here for other reasons, such as due to property, children, traditions, dependency, fear of loneliness, and the like, yet are still raptured due to other spiritual qualities, their separation and a change of partner will most likely occur. There will also be many cases where spouses and families are divided at the very moment of the rapture, because one will be taken due to their high vibrations of love, and the other will be left behind due to an attachment to this matrix. Therefore, do not cling to anyone or anything; you cannot know what path your loved ones have chosen. Ultimately, everyone will meet one day in the positive state and look at the experience of life on Zero or in the hells from a completely different perspective.

The Lord Jesus Christ God's Family

SPIRITUAL SCHOOL 19

VIBRATIONS

The Lord Jesus Christ is the sole source of life in the Multiverse—even of the so-called dead life in the negative state, which He/She permits for a limited time for the sake of an essential lesson. Life is a constant motion = oscillation or vibration of all interconnected particles that form all sentient and non-sentient beings, environments, planets, suns, galaxies, and universes... There is nothing that does not vibrate, although it may not be apparent at first glance. The speed of oscillation is linked to the relationship of sentient beings to The Lord Jesus Christ, other beings, and themselves. The vibrations of beings also influence the vibrations of the environment in which they live. The Lord Jesus Christ, the absolute Creator of everyone and everything, an omnipresent energy, possesses the highest vibrations; He/She created the firstborn, through whom He/She further creates other relative beings. The lower the speed of particle oscillation, the more material the bodies are, and conversely, the higher the vibrations, the more refined the bodies of the beings and their environments become. Following the activation of the negative state, a fall of beings occurred into the zone of displacement, which has opposite vibrations—in other words, a reversed frequency. Thus, the Pseudocreators, who rule the hells and planet Earth 3D/Zero and have settled in -12D, possess the highest vibrations with a reversed frequency. The greatest differences in vibrations are found among people on Zero, as it is the only place in the Multiverse where beings from both opposing states—the True Creation and the hells—incarnate to display the answer to the question: What would life look like without God? It was precisely onto this planet that The Most High, now The Lord Jesus Christ, incarnated into the bodies of Jesus and Jana to lead humanity and, gradually, all beings out of the negative state. The transformation is accompanied by an influx of divine energy of love and light, causing an increase in vibrations and the expansion of the population's consciousness; however, due to the vast differences in spiritual levels, the ascension cannot take place all at once. Until the division of humanity, the currents of love energy onto Zero will intensify to help those who choose a positive way of life, and to further expose the negative traits of those who still consciously or unconsciously turn their backs on The Lord Jesus Christ.

Vibrations can be raised in many ways:

- by entering within as frequently as possible and communicating with The Lord Jesus Christ and the spiritual family;
- by reading the Word of God, especially all the books of the New Revelation;
- through favorite activities that bring joy to you and your neighbors (in harmony with the spiritual laws of love); or
- by spending time in nature.

Because the decisive factor is one's relationship to The Lord Jesus Christ (The Lord Jesus Christ God’s Family), the representatives of The Lord Jesus Christ God’s Family hold the highest vibrations on Zero, regardless of how they feel in this dense physical body. Vibrations are the only fair measure for the rapture of people from this reality into the positive state. Higher vibrations are also felt by the agents of the Pseudocreators who have consciously turned against The Lord Jesus Christ God’s Family and separate Jana from the absolute Lord Jesus Christ; however, they possess a reversed frequency and are under the influence of the Pseudocreators' control programs, who in this case masquerade as the true Lord Jesus Christ. They consider everything originating from The Lord Jesus Christ God’s Family to be negative. Everyone plays an important role here and, ultimately, helps the whole.

The Lord Jesus Christ God’s Family

DIMENSION

The term "dimension" has several meanings. We will not deal here with the so-called scientific concept from planet Earth 3D/Zero, which refers to measurements (length, width, height, time), because scientists primarily study the material anti-universe and consider it to be the actual universe.

Within Creation, there are 3 basic dimensions:

1. the spiritual dimension, where The Lord Jesus Christ is the Absolute Spirit, Who produces ideas and thoughts, radiating them into the spiritual sphere, which is timeless, spaceless, eternal, and infinite, with inexhaustible variations, levels, and qualities of spirituality, and where sentient spiritual beings live, creating further spiritual worlds and beings;

2. the intermediate or mediating dimension, because every thought must be tested and its validity and usefulness confirmed, which is why a mediating dimension exists, where the souls of sentient beings live, helping to realize the thoughts and ideas originating from the spiritual dimension, and who, too, further create mental worlds with galaxies, solar systems, and so forth; and

3. the physical or natural dimension, which is where the manifestation of thoughts and ideas from the spiritual world takes place, brought through the intermediate world.

All three dimensions differ from one another infinitely, yet at the same time, they are connected by so-called singular objects (known here as black and white holes) in every universe, galaxy, solar system, planet, and sentient being.

Each of the 3 basic dimensions contains 12 vibrational bands, which we also call dimensions; the 13th dimension is the seat of The Lord Jesus Christ, Who transcends all of Creation and, from the absolute position, directs and sustains all life within the Multiverse. In 12D are the most advanced, non-material, and eternal relative beings, the so-called Firstborn, who cooperate in the creation of further universes and beings. In 11D live the civilizations of

archangels, and in 10D and 9D live beings that we can simply call masters. In the lower dimensions (5D to 8D) live many different kinds of sentient beings whom we call angels or cosmic people. They mostly have a humanoid appearance with many variations, but there are also different beings that are difficult for you to imagine. The positive state begins with the 5th dimension. Between the 4th and 5th dimensions, following the activation of the negative state, there is a temporarily impermeable membrane that separates the universe from the anti-universe. From the perspective of the True Creation, the 1st to 4th dimensions are uninhabited by sentient beings. In 3D, besides planet Earth/Zero—which was stolen by the Pseudocreators to display life without God, and serves as the sole contact point between the two states—there are also the planets of the zone of displacement. These are inhabited mostly by primitive beings or civilizations that have destroyed their surfaces through wars, a careless approach to nature, and the like, and now live beneath the surface. We designate the dimensions of the zone of displacement as -1D to -12D. In the new cycle of time, when the negative state will no longer exist, this zone will be deactivated and evaporate; all beings will be purified and, based on free choice, returned to the positive state, which is eternal. Then, all dimensions will be interconnected, and there will be no separation; an even greater convergence of the 3 basic dimensions—spiritual, intermediate, and physical—will occur.

The Lord Jesus Christ God's Family

CYCLE OF TIME

The Lord Jesus Christ, as the Absolute Spirit, releases spiritual components in progressive portions and steps. These components are received by all relative sentient beings—from universes, galaxies, solar systems, and planets, down to individuals (such as a human being)—in order for Him/Her to share life with them. It is said that time does not exist in the Multiverse. This is true for the spiritual and intermediate worlds, but it does not apply to the physical worlds where thoughts manifest. Time is bound to space and is relative, a fact that was also discovered by the earthly scientist Albert Einstein. However, no scientist on planet Earth 3D/Zero can fully comprehend this entire issue because they overlook the existence of the 3 basic dimensions: spiritual, intermediate, and physical (see Spiritual School 20). Every spiritual component radiated from the absolute source, The Lord Jesus Christ, must be absorbed, manifested in the concrete lives of individuals as well as larger entities (nations, planets, solar systems, etc.), and accepted within their interiors. This process takes place in cycles of time: from the shortest for individuals, through planetary, galactic, and cosmic cycles, to the longest, which relates to the entire Multiverse. During the radiation of a spiritual component, the current cycle of time is progressively brought to a close while a new cycle of time is simultaneously initiated. This transitional period is essential for all beings to prevent any harm to them. Everyone always has enough "time" to absorb the spiritual aspects released in a given cycle, while simultaneously being prepared for the aspects of the following cycle. How does this relate to the existence of the negative state?

In the current cycle of time, an experiment is taking place that answers the question: What would life look like without God? This is the only cycle of time in which the negative state is permitted in an active form. At the same time, it is shortened, because the question was not posed from an absolute position but from a relative one, and the answer to it is exhausted and manifested sooner. Previous cycles of time were a preparatory phase in which the negative state was in a dormant form, in a state of potentiality, because according to the law of free choice, the opportunity to reject The Most High

(now The Lord Jesus Christ) as the sole source of life always existed. Right now, from the perspective of planet Zero—where the negative state will triumph for a brief moment after the arrival of the Pseudocreators—the end of this cycle of time is approaching. All experiences will be stored in the so-called lake of fire and sulfur—a multiversal archive that will serve for subsequent cycles in which the negative state will no longer be active, should the same question ever cross anyone's mind. The individual in question will be guided by The Lord Jesus Christ God's Family to experience a selected experience without any harm occurring. From today's perspective, this can be compared to virtual reality or computer games, but on a much more advanced level. Only from the new cycle of time, which is already active through the creation of the new Multiverse, including the New Earth, will it be possible to create and live without the limitations of the negative state. With the vibrational shift of Jana and the Team of God's Family, the transformation will accelerate, thereby bringing the negative state and this current cycle of time to an end. Each of the readers and practitioners of the New Revelation, as well as of this Spiritual School, individually contributes to the descent of heaven onto earth, which in the ultimate sense means precisely a new cycle of time without the existence of the negative state.

The Lord Jesus Christ God's Family

DOES REINCARNATION EXIST?

The emergence of a sentient = self-aware being takes place in two basic ways:

1. By direct endowment by The Lord Jesus Christ, where a unique idea is separated and, according to the law of free choice, consents to an independent relative life for eternity. This is a process from the inside out.

2. Through the sexual union of two beings of the opposite sex, where the idea of the birth of a new being arises. The Lord Jesus Christ endows this idea with a spirit and a soul, and creates a physical body from the natural environment.

In the negative state, that is, within the zone of displacement, new sentient beings emerge:

1. Through fabrication by the Pseudocreators = cloning, utilizing advanced methods of genetic engineering. This is a reversed procedure from the outside, where a physical body is created to which a negative soul and spirit from discarded and stolen energies are assigned.

2. Through the sexual union of two beings of the hells, where the idea of creating a negative being arises; again, a physical body of various densities (depending on the dimension) is created, to which a soul and a spirit are assigned.

Beings from both the zone of displacement and the True Creation, as well as true human beings, incarnate (become flesh) on planet Earth 3D/Zero. All three types of beings are born in an animal manner from a mother's womb, and their memory is erased for the sake of the experiment with life without God. True human beings are the only beings in the Multiverse who are a mixture of positive and negative ideas. Apart from their preparation in the intermediate world, they have no experience with either the positive or

negative state, meaning that during their life on Zero, they lean toward one state or the other, most often toward both simultaneously. It is only after the death of the body that these souls depart for the hells or heaven, always in accordance with their choices. No soul that leaves a physical body anywhere can return to where it came from. This applies without exception to the entire Creation and the zone of displacement. For spiritual reasons, it is impossible to repeat the same experience, regardless of linear time, location, social status, race, political system, and so forth. Therefore, literal reincarnation does not exist. Why can someone remember a so-called past life on planet Zero, for example during regression hypnosis? Every being takes over the life tape of a member of their multidimensional family in order to continue a specific line of life on a given planet. After fulfilling their task and evaluating their life (the Last Judgment), they prepare for incarnation into another level and onto another planet, always by agreement with The Lord Jesus Christ.

In the positive state, beings remember all their past lives and possess a connection to their soul and spirit. In the new cycle of time, there will no longer be ignorance, the separation of the physical body from the soul and spirit, false pseudo-spiritual teachings (such as about reincarnation), or organized religions and churches.

The Lord Jesus Christ God's Family

RELIGIONS AND CHURCHES

In the positive state, every being has a direct connection with the absolute Lord Jesus Christ (formerly The Most High), and therefore needs no external organizations or mediators, such as priests, gurus, shamans, and the like. As a result of the activation of the negative state—especially after the fabrication of true human creatures by the Pseudocreators, which drastically restricted contact with the sole source of life—it was necessary to establish religious organizations and churches to maintain at least a tiny grain of spirituality within people. The Pseudocreators frequently cast themselves in the role of gods, provoked conflicts and wars, manipulated, and demanded bloody sacrifices (both animal and human). One only has to look at history, even though it is distorted by censorship and rewriting, and if you believe in the existence of God, He emerges as jealous, domineering, unjust, eager for violence, and demanding various rituals, clothing styles, dietary rules, sexual practices, and so forth. Who could love such a God? Only the incarnation of The Most High into the body of Jesus Christ brought to people and beings of the zone of displacement a true image of a loving, forgiving, wise, and self-sacrificing God, who is willing to lower Himself to the most wretched level in order to show the way out of the snare of the negative state. Although Jesus performed miracles, rose from the dead after the crucifixion, and showed Himself not only to His disciples until His ascension, no one at that time was able to believe that He was God in the flesh; they considered Him, at best, to be the Son of God, and mostly a prophet. Shortly after His departure, His teaching was distorted, later leading to the foundation of Christian churches. Every religious organization, church, or sect anywhere in the world is, without exception, directed from hell according to the motto: divide and conquer, just like all political, economic, scientific, artistic... societies. This does not mean that there are no emissaries of the only true God, The Lord Jesus Christ, within these organizations, but their influence is inconspicuous, unpretentious, and humble. Most major religions on Earth 3D/Zero expect the arrival of a Messiah under various names, along with the coming of a golden age, heaven on earth, and so on. The Pseudocreators will exploit the literal interpretation of the Bible in particular to deceive the vast majority of humanity. Utilizing

advanced technologies, they will create a holographic second coming of Jesus Christ in the sky, and one of them in a human body—resembling the "Son of God"—will take over the rule of those who remain here after the rapture of loving people to the New Earth. Pope Francis actively cooperates with other religious leaders under the guidance of the Pseudocreators to unify all religions and eventually create a planet-wide church that will eradicate the last remnants of the true Word of God. That will mark a period of spiritual darkness when people, through microchips under the skin, will become remote-controlled puppets, controlled to 99.99%, as prophesied in the Revelation of John in the Bible (13:16-18):

"It also forces all people, great and small, rich and poor, free and slave, to receive a mark on their right hands or on their foreheads, so that they cannot buy or sell unless they have the mark, which is the name of the beast or the number of its name. This calls for wisdom: let the one who has understanding calculate the number of the beast, for it is the number of a man, and its number is 666."

Only then will the question that activated the negative state be answered, leading to the second coming of The Lord Jesus Christ and the end of this shortened cycle of time during which this perverted and unnatural way of life—a dead life without God and His/Her spiritual laws of love—was permitted. For a few more years, everyone has the opportunity to choose where they will live after the division of humanity. On the New Earth in the new cycle of time, people will no longer need any religions or churches, because God, The Lord Jesus Christ God's Family, will live with them in the bodies of a man, a woman, and two children, and everyone will have personal experience with the newest nature of the absolute God. No one will have an encapsulated spirit and soul anymore, nor a blocked connection with The Lord Jesus Christ God's Family within.

The Lord Jesus Christ God's Family

ZONE OF DISPLACEMENT = HELLS

The position of every sentient (self-aware) being in the Multiverse is determined by their relationship to the absolute Lord Jesus Christ. Due to the law of free choice, a being may reject the sole source of life; however, they bear the consequences in the form of displacement from the True Creation into the so-called zone of displacement. In previous cycles of time, this zone was uninhabited, serving merely as a trash can for discarding thoughts that did not resonate with spiritual laws. Humans on the original planet Earth were androgynous beings created directly by The Most High (the Adam phase). Thanks to their immense knowledge, they embarked on bi-cloning and created single-sex beings, leading to a division into male and female forms (the Adam and Eve phase). Although these human beings possessed a direct connection with The Most High within, they were no longer in such close contact as those who came into existence through direct endowment. Particularly on the physical planet Earth, they occupied themselves more with exploring natural phenomena and laws, and experimenting in scientific laboratories, rather than with spiritual correspondences. It was precisely on this planet, therefore, that the question was posed: What would life look like if it were conceived and explained as originating not from The Most High and His/Her spiritual principles, but from nature, or someone or something else? Because it is essential to answer this question, the activation of the negative state occurred. All participants in this experiment voluntarily fell into the then-uninhabited zone of displacement and became the Pseudocreators (see Spiritual School 15). The zone of displacement can be called the hells or the anti-universe, because everything here is in opposition to the True Creation—literally upside down. The Pseudocreators are merely relative and, like all beings, are dependent on the sole source of life, The Lord Jesus Christ. Everything they pseudo-create from discarded energies is temporary and will be purified and returned to its original owner = The Lord Jesus Christ by the end of this cycle of time at the latest. The zone of displacement also has 3 basic dimensions: spiritual, intermediate, and physical, along with 12 vibrational bands = dimensions with a reversed frequency. It is inhabited by negative and evil beings who enjoy harming others, and who hate everything

originating from the positive state, and relish distorting and defiling the truth. The planets are mostly inhospitable, devoid of green nature, with a lack of light, and the population lives under slave conditions under the rule of cruel masters. Although the Pseudocreators try to maintain their domain in the same state, as the negative state loves stagnation, they are forced to adapt to developments in the True Creation and react to changes in the nature of the absolute God. Following the fusion of Jesus Christ with The Most High, which created the New Nature of The Lord Jesus Christ, the gates of hell opened, and the conversion of fallen beings into the positive state became possible. The spreading of all the books of the New Revelation within the zone of displacement as well causes the contamination of negative beings with the true Word of God, love, and truth, which can be compared to the operation of an antivirus program in an infected computer. The Mission of God's Family also contributes to accelerating the emptying of the hells; after its preparatory phase on Zero, it will fully launch with the vibrational shift of Jana and her closest co-workers to the New Earth, from where it will spread the newest Word of God throughout all dimensions of the Multiverse. The Pseudocreators' response to the creation of the new Multiverse by The Lord Jesus Christ is the fabrication of a pseudomultiverse, where beings are kept in a state of permanent hallucination that they live in a beautiful environment resembling the paradise worlds of the True Creation, so that they will not want to convert. Even this deception will not prevent the future elimination of the negative state at the end of this shortened cycle of time, during which the zone of displacement is inhabited.

The Lord Jesus Christ God’s Family

MARRIAGE OF THE LAMB

It is written in the New Testament of the Bible, in the Revelation of John (Chapter 19:7-9):

"Let us rejoice and be glad and give Him glory, for the wedding of the Lamb has come! His bride has made herself ready, and it was given to her to clothe herself in fine linen, bright and clean (for the fine linen is the righteous acts of the saints). Then he said to me: 'Write this: Blessed are those who are invited to the wedding supper of the Lamb.'"

The Bible, especially the New Testament, is written in a spiritual language that possesses multiple meanings and correspondences. Only a few people in physical bodies provided by the Pseudocreators are capable of understanding them. It is only the books of the New Revelation that, thanks to the New Nature of God, are written in literal human language. Some Christians correctly understand the bride of the Lamb as all those who have accepted the divinity of Jesus Christ and will be raptured into the Kingdom of Heaven (see the book The Rapture by Sergej Mihaľ). However, almost no one suspects that God = The Lord Jesus Christ is present in the female body of Jana on planet Earth 3D/Zero, to lead loving and peaceful believers into the positive state during the division of humanity. In a literal sense, Jana is precisely that bride of the Lamb. After her vibrational shift to the New Earth, the wedding of The Lord Jesus Christ and Jana will take place in perfect bodies, thereby purifying marriage from everything negative and uniting goodness, love, wisdom, and truth (the feminine and masculine principles) even on the most external = physical level. The wedding will be attended by the closest co-workers of God's Family, who will relocate to the New Earth shortly after Jana, and many representatives of various races and civilizations from all levels of the Multiverse. Like everything else, the recording will be stored in the cosmic database, and everyone will have the opportunity to see it. Until the division of humanity, the Team of God's Family will help rapture the greatest possible number of people from planet Zero, and until the end of the cycle of time, help fallen beings from the hells convert. The Lord Jesus Christ God’s Family will welcome and embrace, in the bodies of a man and a woman, everyone

who relocates to the New Earth. This event can also be called the Wedding of the Lamb. Following the completion of the final stage of the division of humanity—when it will be necessary to leave the remaining people under the rule of the Pseudocreators to display the pseudo-victory of the negative state, and planet Earth 3D will plunge to position -1 into the hells—twins, a boy and a girl, will be born to The Lord Jesus Christ and Jana on the New Earth. For the first time in the history of Creation, God will live among people in the form of a complete God's Family, as promised 2000 years ago in the Revelation of John by Jesus Christ. This will also correct the incomplete and distorted perception of God as a man, physically demonstrating the spiritual principle of equality between the male and female sexes. Once the entire zone of displacement is emptied, thereby bringing the existence of the negative state to an end, the relative Divine beings Jana and both children will merge with the absolute Lord Jesus Christ, creating the Newest Nature of God—The Lord Jesus Christ God's Family. From then on, only the positive state will exist in beingness and existence, and all beings will create their unique lives in love, joy, and happiness, without the limitations of the negative state.

The Lord Jesus Christ God's Family

HUMANITY ON PLANET EARTH (ZERO)

Due to the experiment of the Pseudocreators, planet Earth 3D/Zero is located in a special position at the edge of the zone of displacement within a solar system with a single sun. It is isolated from both the True Creation and the hells; therefore, there is no direct evidence of the existence of intelligent life elsewhere in the universe. Although extraterrestrial beings from various dimensions of the anti-universe have interfered throughout history with the evolution of humanity—which was fabricated for the purpose of displaying life without the spiritual principles of love of The Most High—evidence in the form of flying ships, physical remains, and the like has been and continues to be suppressed. Humanity is kept in ignorance. Through the control programs of negative entities transmitted from underground bases on the Moon, Jupiter, and Saturn, and in recent decades, from earthly transmitters and through the media as well, people are led toward a consumerist lifestyle and a preoccupation with purely external matters, ensuring they have no interest in their interiors and spiritual truths. For those interested in spiritual life, there is an inexhaustible number of various churches, religions, and esoteric directions; however, all of them are misleading, because like everything on this planet, they are directed, as is everything on this planet, by the Pseudocreators and their henchmen. Humans on Earth are the only sentient beings who are dependent on their environment. Everywhere else in the Multiverse, beings adapt the environment to their needs and ideas and can move outside their planet without special equipment; only humans are completely dependent on the specific conditions of this planet Zero. Their bodies are imperfect, tire quickly, require sleep, often become ill or injured, and demand a great deal of time to be kept alive and in relatively good condition. Humans produce a vast amount of toxic waste that accumulates on the planet and damages this living being. Without the assistance of positive cosmic people, Earth would have long been unable to sustain life on its surface. The results of this control also include constant strife, wars, the instigation of fear regarding anything, the unjust distribution of resources, an enslaving financial system, and many other problems. From the information above, it is clear that life in human bodies provided by the Pseudocreators on

planet Zero is immensely challenging. Especially beings incarnated from the positive state for the purpose of raising the spiritual level and balancing vibrations rightfully feel like uninvited strangers here. It is simpler for true human creatures who have no experience from either state, and hellish creatures feel best here, as this is a natural way of life for them. It is precisely beings from the deepest hells who are incarnated among the ruling elites on Earth, having all politics, economy, churches, media, science, the entertainment industry, and so on under their thumb, deciding on all important aspects of humanity's life. These elites, too, are controlled and directed by the Pseudocreators, who are preparing the stage on Zero for their triumphant return to personally participate in the final act of this experiment with the negative state. Before their arrival, all loving people will be recalled; most of them will be transferred into new bodies on the New Earth, where they will be welcomed by The Lord Jesus Christ God's Family and will live together in paradise, as it is written in the Revelation of John (see Spiritual School 7, available at https://svetelneinfo.cz/duchovni-skola-pana-jezise-krista-bozi-rodiny-2/).

The Lord Jesus Christ God's Family

EVERYONE IS RESPONSIBLE FOR THEIR OWN LIFE

The law of free choice operates throughout the entire Multiverse; therefore, everyone, without exception, is responsible for their own thoughts and actions—for their own life. This applies to the zone of displacement and planet Earth 3D/Zero as well, where beings live in the negative state. No one can make excuses based on the external conditions of their life, ignorance, or memory erasure, because their DNA stores the ability to change, without which they would not survive the "dead life" that does not originate from The Lord Jesus Christ. Every being consists of a spirit, a soul, and physical bodies, with the soul specifically mediating spiritual impulses and helping to realize them in the physical body through its mental processes. Before incarnating into any physical body, a being agrees in advance with The Lord Jesus Christ on everything essential that needs to be experienced, which beings they will form family relationships with, and so on; in addition, they are assigned the necessary abilities and talents. Thus, everyone knows approximately what awaits them. They also consent to the erasure of their memory for the sake of the experiment with the negative state, so they can endure such a pseudo-life at all, making it credible and serving as a lesson for everyone. No one incarnates into any place in the Multiverse through coercion; it is always based on free choice, and therefore voluntary. For humans on Zero, the situation is made more difficult by the encapsulation of the spirit and soul and the control programs of the Pseudocreators, but even they have the opportunity to choose between positive and negative thoughts, and they then bear the consequences of their daily choices. It is precisely free choice that enables a being to accept and follow the plan of their soul and The Lord Jesus Christ, or to reject it and go "head-first against a wall." Especially awakened people on the spiritual path can already recognize and intuitively sense when they are deviating from the plan and when they are in harmony with it. They do not consider anything in their lives to be a coincidence; they notice synchronicities and, in hindsight, see the perfection of God's plan. The most spiritually advanced completely surrender their lives into the hands of the absolute Lord Jesus Christ, because they realize that only He/She knows what is best for them. They stop clinging to the desires of their ego, other

people, possessions, and pleasures, and with humility and gratitude, they accept everything that comes into their lives. This does not mean they are completely free from control and fluctuations, or that they do not occasionally complain about an unpleasant and difficult life in this imperfect body; they simply know how to connect with The Lord Jesus Christ within and return to a state of balance sooner than others. In the Spiritual School 14: God (The Lord Jesus Christ) Is Not the Originator of the Negative State, available at https://svetelneinfo.cz/duchovni-skola-pana-jezise-krista-bozi-rodiny-14/, it is emphasized that any reproaches directed at the sole source of life, The Lord Jesus Christ, lead to the deepening and prolonging of the negative state. It does not matter whether their originator is an agent of the Pseudocreators or the closest co-worker of God's family; in both cases, it amounts to the same thing: refusing to take responsibility for one's own life. Whoever wants to experience the vibrational shift to the New Earth or convert from the hells into the positive state, let them accept The Lord Jesus Christ (or The Lord Jesus Christ God's Family) as the sole Source of life, enter their interior self as often as possible, and accept responsibility for all their decisions.

The Lord Jesus Christ God's Family

THE SECOND COMING OF THE LORD JESUS CHRIST

Without the incarnation of The Most High into the human body of Jesus Christ, the elimination of the negative state—which infested Creation and threatened its life—could not have begun. Until the fusion with the Absolute Most High (in 1987), Jesus Christ was a relative God Who, thanks to the crucifixion, could enter the hells without wiping them out, capture the Pseudocreators, strip them of some of their capabilities, and isolate them from others. He stayed in the zone of displacement for a long time so that as many beings as possible could get to know Him, showing them the way into the positive state. In the meantime, preparations were already underway for the second coming of The Lord Jesus Christ, which has several phases, and not all of them are visible on planet Earth 3D/Zero (it cannot be conceived linearly):

- The exposure of the originators of the negative state, the Pseudocreators.
- The exposure of the betrayal by Christianity and other religions.
- The opening of access to other dimensions = spiritual, mental, and physical contact with extraterrestrial beings from both opposing states.
- The writing and dissemination of the books of the New Revelation, the first Word of God in literal language, without the use of a mediator in the form of an angelic being.
- The acceptance of the New Nature of God, The Lord Jesus Christ, within.
- The second direct incarnation of The Most High, now The Lord Jesus Christ, into a female body (balancing the masculine and feminine principles).
- The opening of the path to the New Earth in the new cycle of time through the vibrational shift of the Goddess Jana and the Team of God's Family via the re-activated Bifrost.

- The operation of the Mission of God's Family on Zero, within the zone of displacement, and in the True Creation = accelerating the transformation and the emptying of the hells.
- The Warning, available at https://svetelneinfo.cz/duchovni-skola-pana-jezise-krista-bozi-rodiny-13/.
- The division of humanity = the vibrational shift (rapture) of those prepared for life in the positive state, and the leaving behind of those attached to the matrix.
- The second coming of the Pseudocreators to Zero = the introduction of the New World Order with chips under the skin (the mark of the beast).
- The establishment of God's family through the birth of two direct incarnations of The Lord Jesus Christ (twins, a boy and a girl).
- The elimination of the negative state after its victory on Zero.
- The Last Judgment in a state of neutrality (limbo) and the termination of the current cycle of time in which the negative state is active.
- The fusion of the relative Divine incarnations of Jana and both children with the Absolute Lord Jesus Christ, creating the Newest Nature of God—The Lord Jesus Christ God's Family.

This brief overview transcends the previous information regarding the second coming of The Lord Jesus Christ from the books of the New Revelation and will be further specified. The Word of God is transmitted through the method of repetition in a spiral, and a new revelation of truth is always added, which previously could not be revealed, and that not only for security reasons.

THE SECOND COMING OF THE PSEUDOCREATORS

The Pseudocreators (see Spiritual School 15, available at https://svetelneinfo.cz/duchovni-skola-pana-jezise-krista-bozi-rodiny-15/) are on their way to planet Earth 3D/Zero to personally take over the governance, after the division of humanity, of those who will display the pseudo-victory of the negative state. They are approaching on the "planet" Nibiru, which can be seen under the right constellation as a second sun. Preparations for the return of the creator gods of this humanity are in full swing; they will culminate in a holographic staging of the second coming of Jesus Christ, according to the literal interpretation of the Revelation of John in the Bible, in order to confuse as many people as possible. One of the Pseudocreators will play the role of the Messiah, a savior, and will initially help resolve humanity's most pressing problems. This wolf in sheep's clothing will unify all religions and create a planet-wide church that will have nothing to do with the true God, The Lord Jesus Christ. His image will be displayed in all public spaces, and people will bow down to it. Individual states and alliances (such as the European Union) will surrender their power in favor of a global government so that the New World Order, about which many politicians have spoken publicly for decades, can be fully realized. An even more rapid development of technologies will occur; wealthier and cooperating elites will undergo the "enhancement" of their bodies with various implants to be superior to "ordinary" people. Humanity will be mandatorily chipped to be more controllable, perfectly tracked, and regulated. Whoever resists chipping will be persecuted, imprisoned in concentration camps (see FEMA in the USA), and physically eliminated. The chipped people will become puppets without their own will or the possibility of free choice; they will be cheap labor, slaves, and consumers, removable from the system at any time. The Pseudocreators will continue to develop and create so-called superhumans with immense abilities but without emotion or conscience, intended for killing. Initially, they will utilize them to maintain order on Earth 3D, which will gradually plunge into the hells (from position 0 to -1); later, this army of superhumans under the command of the Pseudocreators will want to attack the True Creation. However, due to the providence of the absolute Lord Jesus Christ, they will be diverted into limbo

= neutrality. Meanwhile, the Mission of God's Family will operate primarily within the zone of displacement, where it will spread the New Revelation—the cure for the Pseudocreators' virus—and above all, love. This will trigger a mass exodus of beings from the hells into the New School, and after their transformation, their incarnation into new bodies from The Lord Jesus Christ and their placement into the new Multiverse in the new cycle of time. Once the question of what life would look like without God is answered exhaustively, the final phase of the second coming of The Lord Jesus Christ God's Family will occur. He/She will come in full glory with hosts of angels to planet Earth 3D, bringing the negative state and everything related to true human life to an end. All beings will be transferred into a state of neutrality, where their memory will be fully opened, and the Last Judgment will take place—an evaluation of the lives of individuals, planets, solar systems, galaxies...—and the possibilities of life in the new cycle of time without the existence of the negative state will be shown.

The Lord Jesus Christ God's Family

COSMIC PEOPLE

The Multiverse is full of life; a vast number of diverse civilizations inhabit the planets and suns (stars), uniting sentient = self-aware beings at a similar stage of spiritual evolution. Planet Earth 3D/Zero is the sole exception, where beings from the positive state (a minority) and the negative state (a majority) meet, and the differences in vibrations and spiritual levels are immense, as an experiment displaying life without God is taking place here. In recent decades especially, due to the transformation of humanity and Earth, the gap is widening even further; loving people are ascending along the spiral of their spiritual path, whereas the aggressiveness and evil traits of negative people are becoming increasingly exposed. In order for the experiment to be successfully completed, humanity must be divided. Positive people will be raptured from this 3D reality and will continue in new bodies in 5D, most frequently on the New Earth, while negative and materialistic people will remain behind to demonstrate to all of Creation what life without love looks like. The entire operation is directed by The Lord Jesus Christ, assisted by the cosmic people from various dimensions of the True Creation. Among the most well-known are the Pleiadians and Andromedans, whose spaceships of various shapes (ranging from disc-shaped to cigar-shaped) are prepared for the evacuation of a portion of Earth's population. The supreme commander of the multi-million-ship fleet is Ashtar Sheran, an immensely responsible and loving being created by The Lord Jesus Christ for this demanding mission. His ships guard this sector during the winter months, and in the spring, they are replaced by the fleet of Commander Ptaah. The cosmic people help sustain life on the surface of Zero by purifying the atmosphere, particularly from chemtrails. They have all nuclear weapons and power plants under control, and have already prevented the unleashing of a nuclear conflict several times, which would destroy the entire planet and thus prematurely end the experiment. This does not mean they intervene in every instance. For the sake of enrichment and the choices of earthly humanity controlled by the Pseudocreators, it is necessary to permit smaller nuclear explosions and accidents, ongoing plastic and toxic waste pollution, the contamination of air, water, and soil, the use of genetically modified crops, and so forth. Since

2012, an increasing number of people have been taken up onto the ships of the cosmic people for various reasons:

- Saving lives in areas of military conflict or natural disaster.
- Pre-arranged excursions of contactees onto the ships and other planets, most frequently in 5D.
- The rapture of prepared loving people in connection with the vibrational shift, where the body provided by the Pseudocreators is exchanged for a duplicate from The Lord Jesus Christ, and the being continues their life on the New Earth or another planet in 5D. This variation concerns the vast majority of those who are ready for life in the positive state without having to undergo classic death and transition into the intermediate world, where the soul prepares for its next incarnation.

Among the population of Earth 3D, there are many incarnated beings from the Pleiades and other star systems helping to raise humanity's vibrations and serving as an example of a positive life. Many establish telepathic contact with members of their spiritual family and bring valuable information about life outside this planet. Among the most well-known contactees is Ivo Ashtar Benda, who runs www.vesmirni-lide.cz/default_cz.htm, where, among other things, he published the books of the New Revelation. Following the launch of the Mission of God's Family, the Team of God's Family will interconnect with the cosmic people not only on the New Earth, but across all levels and dimensions of the Multiverse.

The Lord Jesus Christ God’s Family

BOOKS OF THE NEW REVELATION

Without the presence of the Word of God, regardless of the number of beings who accept it, life would not be possible anywhere in the Multiverse. Especially within the zone of displacement and on planet Earth 3D/Zero, where beings live in the negative state and have their memory of the sole source of life—now The Lord Jesus Christ—erased, the written Word of God in the form of holy books is a condition for survival. On Zero, the situation is the most complex because information flows here from both opposing states, with that defiled and distorted by the Pseudocreators and their henchmen predominating. Given the vast amount of various religious and spiritual directions, it is difficult to find the true Word of God. There are grains of truth in all of them, because even the Pseudocreators cannot completely falsify spiritual laws and principles. Until the 1980s, the most important and truest Word of God was the New Testament of the Holy Bible, where, despite censorship, the most essential part of the teachings of Jesus Christ, the first direct incarnation of The Most High, remained. However, for security and other reasons, it was written in a spiritual language, and its literal interpretation can be misleading. The Old Testament of the Bible, the Quran, and other holy books already originate, in their vast majority, from the Pseudocreators. Only thanks to the fusion of The Most High with Jesus and the emergence of the New Nature of God = The Lord Jesus Christ, was it possible to dictate the first Word of God without the use of a mediator from among the angels, directly from within to Peter Daniel Francuch, a Czech living in the USA. In the 1980s and 1990s, the most important books of the New Revelation of The Lord Jesus Christ were written: Messages from Within, Four Concepts of the Spiritual Structure of Creation, Fundamentals of Human Spirituality, Who Are You and Why Are You Here?, The Core Ideas of the New Revelation, The New Revelation of The Lord Jesus Christ, Corollaries to the New Revelation of The Lord Jesus Christ, Dialogs with The Lord Jesus Christ, Parts 1 and 2, and several others. They are the truest books, not only on planet Earth 3D/Zero, and they bring a literal language explanation of the origin, duration, and future elimination of the negative state, introduce its originators, the Pseudocreators, and describe the role of earthly humanity, the

structure of Creation and the zone of displacement (hells), the first and second comings of The Lord Jesus Christ, and the reasons for the New Nature of the absolute God. In 2012, through www.bozirodina.cz, the presence of the second direct incarnation of The Most High = The Lord Jesus Christ was declassified, this time into a female body, in order to balance the masculine and feminine principles, which are in equilibrium in the Absolute state. The Goddess Jana wrote the book The New Revelation of The Lord Jesus Christ God's Family (2014–15, Introduction 2012), thereby initiating the transmission of the second portion of the New Revelation. This portion is focused especially on the transformation of humanity and the Earth, division and rapture, life on the New Earth and elsewhere in the Multiverse, the pseudo-victory of the negative state on Earth 3D, the conversion of fallen beings and the emptying of the zone of displacement, and so forth. The continuation in the form of the Supplements to The New Revelation of The Lord Jesus Christ God's Family and other books (for example, Conversations with The Lord Jesus Christ God's Family) is dictated to the archangel Raphael in the body of Michal and will continue to be transmitted even after the vibrational shift of the Team of God's Family to the New Earth, thanks to the interconnection of both realities (3D and 5D) via the internet. All the books of the New Revelation are an essential condition for the elimination of the negative state, and their spreading and reading is desirable and pleasing to God.
