Foreword

Dear readers,

you are currently holding in your hand a spiritual booklet that explains in an accessible form the most basic matters concerning the role of earthly humanity, located on the planet Earth/Zero at the edge of the zone of displacement, in whose domain live beings who violate the spiritual laws and principles of The Lord Jesus Christ God's Family, the only Source of eternal life of all the inhabitants of Creation. The book also introduces you to the events, actions and laws that take place outside the material reality of this world, i.e. in other spheres of the Multiverse, made up of a large number of universes, which are the place for the development of countless types of different civilizations. You will find all this in 31 short chapters, which serve as a simplified interpretation of The New Revelation of The Lord Jesus Christ by Peter Daniel Francuch and The New Revelation of The Lord Jesus Christ God's Family by Jana Kyslíková, the female essence of God/Goddess in a human body, who is also the author of this work. It is intended not only for those who read and practice the books of the New Revelation, but also for everyone else who is looking for a way back to the positive state and wants to progress faster along the spiral of the spiritual path.

If someone is brought to the New Revelation, he may not immediately be able to absorb the Truth contained in its chapters, which explain in detail the issue of the functioning of human life and the negative state, interpret the principles of the positive state, clarify information about the structure and functioning of the Multiverse, discuss the essence of the absolute Creator, define true spiritual laws and deal with many other topics, the understanding of which provides the perfect answer to all the essential questions of spiritual and earthly life. Based on their understanding and acceptance, readers on this planet and beyond come to discover the meaning of the existence of good and temporary evil that drives this historical stage of Creation, learn the benefit of their individual being and find an effective key to overcoming all kinds of life's challenges and problems.

The Spiritual School of The Lord Jesus Christ God's Family is here for those who are already ready for the highest Truth available on this planet, but want to get acquainted with it in an abbreviated form. The book is written briefly, but still very concisely, clearly and comprehensibly, therefore it will appeal to every reader who wants to get acquainted with

the modern Word of God for the first time or who wishes to refresh the basic knowledge from the books of the New Revelation that have already been read. It is also there for those who want to deepen their knowledge on several important matters for which space was not provided in the previous books given to humanity by The Lord Jesus Christ God's Family. The advantage of the Spiritual School is, among other things, that it contains a number of references to the relevant chapters found in the first and second portions of the New Revelation, which, if interested, will familiarize the reader of this book even more thoroughly with the topic discussed. The Spiritual School is therefore a universal key to many matters, by understanding which it is easier to orient oneself in the material and immaterial spheres of life and to understand the essence of the operation of the Mission of the Family of God, whose representatives, guided from within, help to spread Love and light into dark corners, introduce prepared individuals to key information concerning the fate of humanity in a time of change, warn of the coming New World Order and the coming planetary chipping of earthlings and bring to the listening souls with an open heart the knowledge of the true God/Goddess - The Lord Jesus Christ God's Family Who has nothing to do with how He/She is portrayed by various religions.

This Eternal Parent, present within every being, does not need to be worshipped. His desire is to share His Love with all and to give to each all that is necessary for a happy and fulfilled life in the positive state, where a part of humanity is heading by choice and where no one is suffering away in any way. In order not to remain in the worsening conditions of this reality, where the negative state will briefly prevail after the division of humanity, all you need is this: Unconditional Love in your heart and the ability to forgive yourself and others. The rest, such as the ability to think and act in accordance with this Love, to shed old negative patterns and not to promote evil in any form, comes with continued spiritual growth in conjunction with the exercise of self-initiative supported by The Lord Jesus Christ God's Family Who leads each one who surrenders his/her life to Him/her through all the pitfalls to the warm parental embrace. It's that simple, yet for the vast majority of humanity, as yet incomprehensible. The Lord Jesus Christ God's Family does not ask anyone to live as a saint, because as long as we live in these gross material bodies, such a thing is not possible. He/She has tried this demanding way of life on Earth/Zero twice. It is important to be honest with yourself and others, not to pretend, not to play anything, to be authentic in every situation in life and to express your opinion on anything if you feel the need, and all this while respecting the individuality of each individual, regardless of whether he/she is sailing on the same spiritual wave like you, or he/she stands on

the completely opposite side of the barricade, where he/she plays his/her role as best as he/she can in the given situation. Only the eternal Parent can see inside every being, therefore only He/She knows best why someone is the way he/she is and when the time of his/her spiritual awakening will come. No one can be judged because they are all God's beloved children who will accept Love as their own by the end of this cycle of time at the latest.

The Lord Jesus Christ God's Family is, among other things, everyone's best friend, an absolutely kind, loving and compassionate being who is the source of all Love and good, the creator of the True Creation, to which beings are gradually returning from the zone of displacement who the Creator has given space to answer the question of what life is like without God/Goddess and His/Her true spiritual laws. If this did not happen, it would deny the freedom of choice of these interviewers, thereby imposing on them to remain positive. Only through the experience of the Multiverse with the existence of the negative state, which will be eliminated after the exhaustion of its usefulness, can the flowering of the fullness of the positive state occur. So that the darkness would not last forever and the process of transformation of humanity would be accelerated, the Creator first incarnated himself as a man in the body of Jesus Christ. After less than 2000 years, it was the turn of the incarnation of the female essence of the Lord Jesus Christ God's Family into the body of Jana Kyslíková, who together with God's Family Team, is currently working on this planet and preparing a part of humanity for the ascension to the New Earth. It is from New Earth that the Team of God's Family will visit this reality in crystalline bodies, as there will be a connection between heaven and earth, making us the first to bring evidence of the existence of other dimensions in the Multiverse. We are and will continue to be here only for the prepared, therefore we will never perform in front of crowds to preserve the free choice of each individual. Our then unhindered activity will continue within this planet until the division of humanity, within all of Creation, until the end of the cycle of time.

31 kapitol Duchovní Školy bylo napsáno mezi dubnem až červnem roku 2018. The 31 chapters of the Spiritual School were written between April and June 2018. Jana will write their continuation after the start of our Mission from New Earth. po zahájení naší Mise z Nové Země.

I wish you to read the following chapters in a spirit of personal upliftment, in a state of perspective and on waves of high vibrations and good mood.

Respectfully yours transmitter of the Word of God

Michal Roj

1. WHAT IS THE GREATER SIN: KILLING THE PHYSICAL BODY OR DIVERTING SOULS FROM THE LORD JESUS CHRIST GOD'S FAMILY?

Each being consists of spirit, soul and bodies. The physical body is a temporary means of gaining practices and experiences, after the exhaustion of the purpose, it is distributed on the original particles. Sentient = self-conscious being is not the physical body but immortal consciousness, the relative cell of The Absolute Creator of The Lord Jesus Christ (soon The Lord Jesus Christ God's Family). From a spiritual point of view, the saving of Creation is a priority by eliminating the negative state which threatens and constrains all the beings of the Multiverse. What is the negative state? Non-acceptance and direct rejection of The Lord Jesus Christ as the Only Source of Life, breaking the spiritual laws of love.

When someone kills the physical body of another being, he/she violates the spiritual laws and bears the consequences. He/she can regret his/her act and ask for forgiveness, learn from mistakes and no longer sin. He/she is welcomed as a prodigal son, and after being purified in the New School, he/she is received into True Creation. The Lord Jesus Christ forgives everyone who sincerely asks for forgiveness and seeks to remedy it. Remember that such acts are perpetrated by beings from the Zone of Displacement = Hells, and planet of Earth in 3D/Zero, which serves as a nursery for Hells and the only point of contact between the positive state and the negative state. These beings are subject to control of the mind, living away from true reality and being infected.

When anybody distracts the souls of other beings from The Lord Jesus Christ (for those who know the Latest Nature: The Lord Jesus Christ God's Family), he/she is deserving to extend or expanding the existence of the negative state and thus the suffering of a vast number of sentient beings. From a spiritual point of view, he/she is far more a sinner than a killer of physical bodies. Even such a being has the opportunity to change its approach and to ask The Lord Jesus Christ for forgiveness and help in returning to His/Her loving arms.

The Lord Jesus Christ God's Family

2. TO LOVE EVERYTHING IS A SPIRITUAL TRAP

The Lord Jesus Christ is Absolute Love, Wisdom, Goodness, Intelligence, Justice, Forgiveness... loves all beings in Creation, but does not love the negative state that He/She did not create, but only temporarily tolerates its due to an important lesson. In the body of Jesus Christ, He/She taught the laws of love to God and neighbors, in the books of The New Revelation, He/She further supplemented and expanded these laws. We have to love the Spark of God, thus, the presence of The Lord Jesus Christ in every being, but we do not have to love negative thoughts, deeds, environments, thus, the negative state that infects Creation and tries to destroy it as a cancer. On the planet Earth in 3D/Zero under the rule of the Pseudocreators, God's Word is distorted, and people are thrown into spiritual traps through various esoteric and religious directions and organizations. One of them is unconditional love for everything and everyone. At first glance it is very positive and coming from God, but it has one hitch: if we unconditionally love the negative state, we will support it and ensure its existence for eternity. The negative state is the denial of the spiritual laws of The Lord Jesus Christ, its expansion could lead to the spiritual death of the whole Creation. An example is the abuse of the so-called "Christian" feeling of the people of Europe during the organized migration of the population of Muslim countries in particular, in order to mixing races, create fear, better control by removing the last "freedoms", repression, etc. Love to a neighbor is here interpreted purposefully, as an obligation to provide above-standard security to people with different cultures, religious feelings, morals... at the expense of their own people, especially women and children. It is necessary to love with wisdom, to distinguish between positive and negative, not to bind on anything material, to relieve all kinds of addictions. Ask The Lord Jesus Christ within you = the spiritual heart to bring you out of the negative state and listen to His/Her silent voice = intuition, devote your time to spiritual work on yourself, and surround yourself with the people you resonate with. Do not be afraid to change what is no longer working in your life (relationships, work, entertainment...) and love The Lord Jesus Christ God's Family, the Spark of God in all beings and yourselves. By this you will gradually break out of the spider's network of Pseudocreators and you will ascend on a spiral of spiritual paths.

The Lord Jesus Christ God's Family

3. TO LOVE GOD (THE LORD JESUS CHRIST GOD'S FAMILY) ABOVE ALL ELSE

The Lord Jesus Christ (in the new cycle of time The Lord Jesus Christ God's Family) is the Only Source of Life in the Multiverse, the eternal parent of all beings. Loving Him/Her is wise, natural and desirable. The activation of the negative state has resulted in the spiritual fall of many beings who have opposed God and by reversing the frequency the love became the hatred. It came this so far that many beings deny the existence of God and they derive the origin of life from matter. The Absolute Parent has prepared a Plan of salvation out of love for Creation, which included the first direct incarnation of The Most High into the material body of Jesus Christ. He showed many concrete examples of love for God and neighbors, always building love for God in the first place, knowing that no life is possible without Him/Her. One example from the Bible (Matthew 12:46-50):

"While he was still talking to the people, his mother and his brothers came, desiring to have talk with him. And one said to him: 'See, your mother and your brothers are outside, desiring to have talk with you.' But he in answer said to him who gave the news: 'Who is my mother and who are my brothers?' And he put out his hand to his disciples and said: 'See, my mother and my brothers! For whoever does the pleasure of my Father in heaven, he is my brother, and sister, and mother.'"

Also in the body of Jana, the second direct incarnation of God (with the New Nature of The Lord Jesus Christ) is surrounded by the co-workers from the highest dimensions of Creation to bring out first part of humankind, later all beings from the Zone of Displacement to the positive state and forever close the cycle of time when the negative state is active. Everyone chose what aspects of life they want to live, before incarnation into the gross body. The closest co-workers of The Lord Jesus Christ God's Family have the most challenging conditions to show their love, faith and devotion to God's mission, despite many obstacles and spiritual trials, which are often at the limit of possibilities. And they are often faced with choice: the Family of God or the earthly family. In some cases, they are able to combine their mission with family functioning, but with Pseudocreators' control programs it is very challenging for all. Then it depends on mutual love, whether such a relationship lasts or falls apart. Who has incarnated here with the task of following The Lord Jesus Christ God's Family from within, he/she has in his/her DNA directly recorded awakening from ignorance, a strong desire to connect with God's Family and cooperate in God's mission. Despite all the obstacles, attacks by Pseudocreators and their minions, despite family members, they still keep their mission. This does not mean that it cannot be subject to fluctuations and temporary falls on the

spiritual path, but he/she can always go back, literally rises like a Phoenix from Ashes. Only great love for The Lord Jesus Christ and the whole Creation can bring the greatest sacrifices. The Second Coming of The Lord Jesus Christ goes from within to outside, and therefore Jana does not prove His Divinity by any external means as Jesus did in the form of various miracles. Therefore, anyone who accepts of Jana in his/her heart from his/her free will, is part of God's Family and he/she deserves to be eliminated the negative state.

The Lord Jesus Christ God's Family

4. HELPING TO NEIGHBORS

The Most High in the body of Jesus showed not only to His/Her disciples how to live in accordance with the spiritual laws of love. For a better understanding He/She used a parable, for example (Matthew 25:34-40):

"Then will the King say to those on his right: 'Come, you who have the blessing of my Father, into the kingdom made ready for you before the world was: For I was in need of food, and you gave it to me: I was in need of drink, and you gave it to me: I was wandering, and you took me in; I had no clothing, and you gave it to me: when I was ill, or in prison, you came to me.' Then will the upright make answer to him, saying: 'Lord, when did we see you in need of food, and give it to you? or in need of drink, and give it to you? And when did we see you wandering, and take you in? or without clothing, and give it to you? And when did we see you ill, or in prison, and come to you?' And the King will make answer and say to them: 'Truly I say to you, Because you did it to the least of these my brothers, you did it to me.'"

After revealing the origin of the negative state in the books of The New Revelation, it is necessary to distinguish what is or is not to help to the neighbor so that we do not fall into the spiritual trap and do not become victims of the Pseudocreators and their minions from Hells. Not in vain they say: bad people reward your good deeds toward them with bad deeds toward you; the way to Hells is paved with good intentions; don't throw pearls before a swine; don't beat a dead horse. An example is helping people who come with the intention of destroying, killing and enslaving. It is necessary to observe the law of free choice, and the help to others, whether material or spiritual, should not be enforced. The advantage is for those who are consciously connected with The Lord Jesus Christ within themselves and let themselves guide by intuition because they always know what they have or should not do, to whom and how to help. The vast majority of the Earth's inhabitants in 3D/Zero do not have such a connection, is controlled up to 95% by negative entities, and their lives are accordingly. Spiritual is the originator of material, not on the contrary how people still think, hence spiritual help is more important than material. The sooner the existence of the negative state ends, the sooner any suffering of the beings will end: hunger, sickness, wars, violent death of the body, the lack of anything what makes life what it is. If you feed of the hungry by bread, you will not eliminate the cause of his starvation. It is, of course, a good deed and from a spiritual point of view you will help yourself, but you will be more helpful to the whole Creation by working spiritually and becoming a beacon that shines to those who wander in the dark. All that glitters is not gold, not help as help. It always depends on the intention with which the who is helping. Some are

helping, therefore, to be in the public eyes they were like the loving, generous or to gain some benefit. From the spiritual point of view, such help is completely worthless. Whoever helps out of love does not expect any reward, it does so for the sake of the principle that doing so is good, is an example to all, and shifts a spiritual level its and others.

The Lord Jesus Christ God's Family

5. THE NAME OF GOD

God is omnipresent energy, the Only Source of Life of everything and everyone. Until recently, it didn't matter how the beings name Him/Her, because He/She had no form, it was impossible to imagine or see Him/Her. Everything changed after the fusion (merger) with its first direct incarnation Jesus Christ, which was completed in 1987, the linear time of planet Earth 3D/Zero. The body of Jesus was deified, and since then The Absolute God has name The Lord Jesus Christ. This Name has profound spiritual correspondence (more in Chapter 2 of *The New Revelation of The Lord Jesus Christ*: http://www.andele-nebe.cz/svetelna_knihovna/htm/cz/cz_kniha_nove_zjeveni_pana_jezise_krista_02.htm).

Thanks to the body that has been cleansed from all the negative, originating from the Pseudocreators, every being in Multiverse can meet face to face with God without suffering the damage due to the vibrational difference. In particular, the beings of the Zone of Displacement would not have to survive the encounter with absolute love. The New Nature of God, along with The New Revelation books, is, for many reasons, a guarantee of eliminating the negative state. In order to complete the process of God/Goddess materialization, the female essence of The Lord Jesus Christ incarnated in the body of Jana in 1957 in the territory of the Czech Republic. Her task is, among other things, to write the second portion of The New Revelation (the continuation of the Addition is dictated by AA Michal Rafael) and to bring out a part of humankind to the True Creation, most often on the New Earth in 5D, where God's Family will be founded by the birth of two children, a boy and a girl, incarnations of The Lord Jesus Christ (more in Addition 1 of *The New Revelation of The Lord Jesus Christ God's Family*: <http://bozirodina.cz/NZ-D1.htm>). At the end of the cycle of time, when the Zone of Displacement = Hells is totally emptied, will not be exist the negative state in its active mode, Jana and the two children of God's Family will merge with The Lord Jesus Christ and the Latest Nature of God will come into being: **The Lord Jesus Christ God' Family**. About these changes in the nature of God, beings in the Multiverse learn from The New Revelation books written on the planet Zero where the negative state was activated and where it will also be ended. It is therefore vital to spread these books among people and other beings, especially in the Zone of Displacement. On the receiving of the Name of The Lord Christ Jesus, later The Lord Jesus Christ God's Family, also depends the position of each being in Creation. Everyone has a free choice to accept or reject the New and the Latest Nature of God, but at the same time bears the consequences of his/her choice. After the re-vibration of Jana on the New Earth, the God's Family in the bodies of The Lord Jesus Christ and Jana, later even with children, will be show themselves to the beings of the whole Multiverse to have a personal experience with them, touching them, embracing

them, speaking from eye to eye, experiencing life on their own skin even in their physical proximity. Till the division of humankind on Earth 3D/Zero, Jana will meet with ready co-workers and friends, together with the God's Family Team in the new, perfect multidimensional bodies to spread information about life in all parts of Creation and Zone of Displacement, and bring evidence that no one else has ever had and he could not have it available. So far, Jana is the relative Goddess in the body, fulfilling the Plan of The Absolute Lord Jesus Christ at 100%. Anyone who is brought to her (not by chance) has the right to accept or reject her, but according to his/her free choice, it will either be on the side of the positive or negative state with all the consequences and results.

The Lord Jesus Christ God's Family

6. CONVERTING FALLEN BEINGS

The Most High, now The Lord Jesus Christ, in the new cycle of time, The Lord Jesus Christ God's Family, promised before activating the negative state, that He/She personally takes of the bringing out of the fallen beings from the Zone of Displacement. When the Pseudocreators invaded the True Creation and got up to 9D where they wanted to continue up to the highest dimensions to conquer the whole Multiverse, The Most High incarnated into the body of Jesus Christ. After completing his mission on the Zero and the Hells, where he taken away the greatest abilities to the Pseudocreators and closed them in an unknown place so that they could no longer intervene in events, he opened to all the beings of the Zone of Displacement the path into True Creation. That is why Jesus said: I am the way, the truth and the life. In order to complete the process of emptying the Hells, it was necessary to reveal the originators of the negative state, the Pseudocreators, and to expose the circumstances of activating the negative state on Earth. It was in the period around 1987 when the process of fusion of The Absolute God with Jesus Christ was completed and the New Nature of God was born: The Lord Jesus Christ, the true God's Word was dictated right from within without the use of a mediator to Peter Daniel Francuch, the Czech living then in the United States. The New Revelation books are the first God's Word written in literal language, are the key to the eliminate the negative state. Quotation from the *Corollaries of The New Revelation of The Lord Jesus Christ*:

"The accessibility of The New Revelation through you and by you (that is, through those who read, accept and practice The New Revelation for the principle) allows to the agents of the negative state to convert into the positive state and thus be saved. As you remember from 'The New Revelation', it follows from it that there are no other means that make this serious conversion possible."

The negative state can not in any way be reformed and merged with the positive state, and therefore all beings who have been caught in Hells voluntarily or have been affected by the Pseudocreator's virus and overturned by their frequencies have the possibility to convert to True Creation only by accepting their free will the New Nature of God = The Lord Jesus Christ as the Only Source of Life. In 1957, The Lord Jesus Christ incarnated in the female body of Jana to help at the time of transformation bring out a part of humankind into the higher dimension, to allow for a short pseudo-victory of the negative state on the planet Earth 3D/Zero, that is necessary to answer the question: How would life without God look like = without LOVE? Jana, after re-vibration on the New Earth in 5D, will become the way for the Earth's

inhabitants who will live in the positive state without knowing her in the gross body. Everyone who will be lifted by the spaceships of the universe people will meet Goddess Jana in her new multidimensional body before being placed on the New Earth or another planet in the 5D. The conversion of beings of Hells is directly related to the acceptance of the New and the Latest Nature of God, His/Her spiritual principles of love, undergoing so-called "fumigation", in other words, by dissolving and removing all negative qualities and ideas, by exchanging the negative body for positive from The Lord Jesus Christ, by studying all the books of The New Revelation in the New School (in the intermediary = intermediate world, where the beings are preparing for the next incarnation). Whoever does not convert until the end of the cycle of time will be taken into a so-called limbo = neutrality, where no negative or positive status will be, and will be asked whether he/she will want to live in accordance with the spiritual laws, or undergo spiritual death, his/her life will be taken away and its elements used to create another sentient = self-conscious being.

The Lord Jesus Christ God's Family

7. LIFE IN THE POSITIVE STATE

The Lord Jesus Christ is Absolutely Positive, and therefore creates only loving sentient and non-sentient beings and environments. Because of the law of free choice, He/She allowed the activation of the negative state so that everyone knew the consequences of such a perverse pseudo-life and never choosed it.

When the question is answered: How would life look like if it was derived not from the spiritual principles and not from The Most High, but from the degree of the natural, the outermost position of Creation, not from the most within position of Creation, as it has always been, there will be a complete termination of the negative state, and all beings will live forever and create in love, joy, happiness, and sufficiency. In the current cycle of time, when both opposing states exist and interact with each other, it is impossible to experience the fullness of positive life, and so no one can yet imagine how such a life will look. Above all, all dimensions will be interconnected, and the beings will receive new multidimensional bodies that will no longer be bound to the environment. They will not have to constantly be engaged in rejecting negative thoughts and fully employ their potential to create other worlds and beings, loving and friendly relationships with others, travel to the Multiverse, discovering other civilizations and cultures and, last but not least, personal and unique communication with The Lord Jesus Christ God's Family. Living in the positive state means to love The Absolute God (The Lord Jesus Christ, in the new cycle of time The Lord Jesus Christ God's Family), other beings and yourself, to observe the spiritual laws of love. As Jesus said, "For to everyone who has will be given, and he will have more...". Everyone who lives positively has everything he/she needs for a fulfilled, happy and joyful life. The Lord Jesus Christ in the body of Jana will be the first to re-vibrate on the New Earth in 5D, which already is part of the New Multiverse in the new cycle of time, to bring to Earth/Zero and to the Zone of Displacement proof of a new, still unknown life. By this particular way, He/She will help the beings trapped in the trap of the negative state in conversion on the basis of free choice and emptying Hells. Beings in the positive state in the current cycle of time live incomparably better than the beings of the anti-universe and planet Zero. They do not know any enslavement and forced labor for livelihood, the mind control, lack of anything, their bodies are vital and healthy (with the exception of damage due to help humankind), they do not need to sleep, they have no excretory organs, because they process perfectly all their food on energy. The higher the dimensions, the more freedom, the abilities and the possibilities to create by the idea. Whoever chooses a loving life will be lifted into the spaceships of the universe people during the division of humankind, and will know on his/her own skin what is it in paradise, about which is written in Revelation of John (21:1-7):

"And I saw a new heaven and a new earth: for the first heaven and the first earth were gone; and there was no more sea. And I saw the holy town, new Jerusalem, coming down out of heaven from God, like a bride made beautiful for her husband. And there came to my ears a great voice out of the high seat, saying: 'See, the Tent of God is with men, and he will make his living-place with them, and they will be his people, and God himself will be with them, and be their God. And he will put an end to all their weeping; and there will be no more death, or sorrow, or crying, or pain; for the first things have come to an end.' And he who is seated on the high seat said: 'See, I make all things new.' And he said: 'Put it in the book; for these words are certain and true.' And he said to me: 'It is done. I am the First and the Last, the start and the end. I will freely give of the fountain of the water of life to him who is in need. He who overcomes will have these things for his heritage; and I will be his God, and he will be my son...'"

It is this promise and prophecy that will be fulfilled for the small parts of humankind after the ascension, and later for all the beings of the Multiverse. More in *New Revelation* (http://www.andele-nebe.cz/svetelna_knihovna_4_cz.htm) and *The New Revelation of The Lord Jesus Christ God's Family* (<http://bozirodina.cz/NZMK-obsah.htm>).

The Lord Jesus Christ God's Family

8. REPRESENTATIVES OF THE LORD JESUS CHRIST (THE LORD JESUS CHRIST GOD'S FAMILY)

The book *Dialogues with The Lord Jesus Christ* explains the concept the representative of The Lord Jesus Christ. At the time of the transmise of the first portion of The New Revelation through Peter Daniel Francuch, it was not yet possible to reveal the presence of the second direct incarnation of God/Goddess The Lord Jesus Christ on Earth 3D/Zero. Whoever has become acquainted with this fact and accepted it in his heart is the representative of The Lord Jesus Christ God's Family. Other readers and practicing of the first portion of *The New Revelation of The Lord Jesus Christ* will meet with the Latest Nature of God at the latest during the division of humankind. The spiritual level of the population of Zero is mostly very low due to the control programs of the Pseudocreators, the creators of the earthly humankind. Beings of Hells and true human beings are incarnated here, only a minority comes from True Creation. If The Most High/The Lord Jesus Christ was not here, there could be no opening of the path from the Zone of Displacement to the positive state and future elimination of the negative state. Together with Him/Her, millions of beings of light came here in particular at the time of transformation to help with this challenging task. Everyone here fulfills their unique mission and only some have the pre-incarnational agreement with The Lord Jesus Christ that they will become His/Her representatives during their lifetime in the gross body. How are they different from other helpers? Above all, they accept the new, some already the Latest Nature of God (The Lord Jesus Christ, The Lord Jesus Christ God's Family), read The New Revelation books, and try to live in harmony with them, listen to the intuition and let to lead The Lord Jesus Christ (The Lord Jesus Christ God's Family) from within. This does not mean that they are some gurus, more than others, because they are all equal before The Lord Jesus Christ. They do not have to do anything extraordinary at first glance, they usually do not have any spiritual abilities, they do not perform miracles, they can even behave negatively if they are under the influence of Pseudocreators who try to harm them, through their family members and friends, in various ways and prove that they are none the better than other people. However, no one takes their faith in The Absolute Lord Jesus Christ (in the new cycle of time The Lord Jesus Christ God's Family), they can follow Him/Her under the most difficult conditions, their mission to help the whole Creation with the ending of the negative state is taken as their priority. They realize that God's mission is not a walk in a pink orchard, especially in the bodies of Pseudocreators, learning to love other beings and forgiving them, seeking God's Spark that connects every being, even the most negative, with the Only Source of Life = The Lord Jesus Christ. Nobody is perfect, even the

representatives of The Lord Jesus Christ make "the mistakes" on their spiritual path. They show everyone how difficult it is to live in hostile environments in an imperfect limiting body and find their way back into the arms of the only true loving parent of The Lord Jesus Christ. When they fall down and let themselves be tempted by the enticements of the material world, they succumb to temptation and the illusion of the matrix for a moment, they will rise again and with humility return to their spiritual path. They always have everything they need to fulfill their demanding mission, even if they do not always have to be aware of it. They often live below the poverty line, being plagued by the financial system, but they are never without effective help at the right time. They know that everything is done for spiritual reasons for lessons, they are an example to others, especially to fallen beings in Hells, which, thanks to them, convert to the positive state. It is not decisive how one behaves outwardly, but what radiates from within, what motives and thoughts lead him/her to external manifestations, and therefore it is not appropriate to judge anyone. The Lord Jesus Christ (The Lord Jesus Christ God's Family) representatives are guided from within by Absolute God, it means also the closest co-workers of His/Her direct incarnation Jana, Team of God's Family. It distinguishes them from members of various external organizations, churches and sects. They are synchronized, some transmit the new God's Word in the form of messages, poems and conversations, always in line with the books of The New Revelation, for perceptible individuals the perfection of the Plan of The Lord Jesus Christ in their everyday work is evident. Upon re-vibration Jana and selected co-workers on the New Earth, the transformation of humankind and the spread of the truest information between the spiritually awakened will be accelerated more and more so that as many people as possible can be taken away and saved from the New World Order.

9. GOING INWARDS

The New Testament Bible says (John 4:24):

"God is Spirit: then let his worshippers give him worship in the true way of the spirit."

One of the reasons why The Most High incarnated in the body of Jesus on Earth/Zero was the necessity of improving communication with all beings, especially in the Zone of Displacement and the Zero, so that the negative state can be ended. After the fusion of the body of Jesus with The Most High, the New Nature of The Absolute God, The Lord Jesus Christ, has arisen, which can be manifested in the body in every form of Creation and Hells and establish personal contact with any being, always in accordance with the law of free choice. In order to establish communication with The Lord Jesus Christ, it is necessary to go inside (spiritual heart) where He/She is present. For beings of the positive state, it's simple because they are not limited to anyone and nothing, but for the beings of the anti-universe and the planet Zero, it's much more complicated because of the control programs, the inverted frequency, the contamination and the encapsulation of spirit and soul. With the approaching division of humankind on Zero, the positive state is approaching to the negative, which also makes it easier to establish communication with The Lord Jesus Christ and the spiritual family, on the other hand, a greater contamination by Pseudocreators and demons when going within. Establishing the proper connection with The Lord Jesus Christ is related to the acceptance of His/Her New Nature. It is no longer appropriate to use any rituals and learned formulations, because everything that is constantly repeated supports the negative state and allows the dark beings to impersonate themselves as The Lord Jesus Christ or angels of light. The exception is the use of the Universal Prayer of The Lord Jesus Christ from the New Revelation (<http://bozirodina.cz/Modlitba.htm>), which will facilitate access to The True Lord Jesus Christ. Everyone is at a different spiritual level and has a different plan of the soul, so it is not possible to pass a universally valid guide to going within, but some well-proven methods can be outlined that can help:

1. a sincere longing in heart to establish direct communication with The Lord Jesus Christ and the spiritual family
2. to eliminate fear, impatience, expectations, thoughts
3. to find a quiet environment, a pleasant body position
4. to imagine The Lord Jesus Christ (can help the picture, preferably the closest form of The Lord Jesus Christ)

5. to ask The Lord Jesus Christ to establish communication with Him/Her or another being of light
6. to ask (preferably in the form of the above-mentioned The Lord Jesus Christ Prayer) for protection against negative beings
7. to ask questions and listen to responses that can come in different ways: telepathically = thoughts, intuition = first idea, feeling you will follow, automatic font...

Do not be discouraged if it does not happen to you for the first time, examine your reasons and motives, do not reproach, forgive yourself, love. The higher the vibrations you have, the easier you are to establish a connection with The Lord Jesus Christ and the spiritual family. Increasing vibrations is not just about positive thoughts, loving and joy, but above all about spiritual work on yourself. Regular reading and practicing of the New Revelation extends consciousness and speeds up the progress on the spiral of the spiritual path. The sad representative of The Lord Jesus Christ has a higher vibrations than a cheerful "do-gooder" who loves all and everything without wisdom and positive-negative distinction. For anyone who has been acquainted with the New Nature of God, the use of a different name than The Lord Jesus Christ will automatically lead him/her to the Pseudocreators and their minions who skillfully mask even behind The Lord Jesus Christ Himself/Herself. This also applies to those who have come to know The Lord Jesus Christ God's Family (future the Latest Nature) and for whatever reason they have not accepted it, they have turned their backs on it. In such a case, even the use of the Name of The Lord Jesus Christ will not lead to the connection with Him/Her.

The Lord Jesus Christ God's Family

10. FORGIVENESS

The Lord Jesus Christ forgives to all beings in the Multiverse without any difference, even the most terrible deeds (it concerns the overwhelming majority of beings in the Zone of Displacement and the planet Earth 3D/Zero). This does not mean, however, that these beings who violate the spiritual laws of love do not bear the consequences of their decisions and deeds. By the end of this cycle of time when the negative state is active, they are placed outside the True Creation in Hells, where they live under the rule of Pseudocreators. Thanks to the incarnation of The Most High into the body of Jesus, the entrance of Jesus into Hells after crucifixion, the temporary separation of the Pseudocreators, and later the emergence of the New Nature of God (The Lord Jesus Christ) and the writing of The New Revelation books, it is possible for every being in the Zone of Displacement to convert to the positive state on the basis of free choice (more in *The Spiritual School of The Lord Jesus Christ God's Family* No. 6): <http://svetelneinfo.cz/duchovni-skola-pana-jezise-krista-bozi-rodiny-6/>). Nobody but The Absolute Lord Jesus Christ can be perfect because he/she is a relative being. The greater the distance from The Lord Jesus Christ in the spiritual sense, the more violations of spiritual laws, the worse the quality of life and less love. An indispensable part of the return of fallen beings is forgiveness to themselves and others. Jesus said (Luke 17:3-4):

"Give attention to yourselves: if your brother does wrong, say a sharp word to him; and if he has sorrow for his sin, let him have forgiveness. And if he does you wrong seven times in a day, and seven times comes to you and says, I have regret for what I have done; let him have forgiveness."

Those who are unable to forgive will accumulate anger in yourself, feelings of wrongdoing, remorse, thoughts of vengeance and other negative energies that are ghastly, reduce vibrations, impair health and relationships with others. Forgiveness gradually removes these negative phenomena, literally dissolves and washes them and instead comes the relief, the feeling of fulfillment, love, rest and peace in the soul. The ability to forgive is directly related to the spiritual level of an individual. The greater the understanding of the reasons for the existence of the negative state, the higher the view and the less emotional reaction to anything negative, such as war, terrorism, politics, etc. Forgiveness does not mean connivance and tolerance of negative behavior. No one is obliged to endure violence, robberies and other crimes, has the right to protect his/her health and life. All the followers and representatives of The Lord Jesus Christ (who knows, The Lord Jesus Christ God's Family) have advantage, because they live consciously, they listen to intuition, they are gradually brought out from all problems and perceive the protection of The Absolute God.

Those who hand over their lives to The Lord Jesus Christ (The Lord Jesus Christ God's Family) need not worry, because only from an absolute position can you know what is best for each relative being for her individual growth. In this way, he/she is rid of his/her shortcomings, he/she learns to forgive, to love with wisdom, to better understand and abide the spiritual laws, in other words, he/she rises on the spiral of the spiritual path and approaches The Absolute Lord Jesus Christ.

The Lord Jesus Christ God's Family

11. EGO

Each being has three main levels of mind: the most within, inner and outer (more in *Fundamentals of Human Spirituality*: http://www.vesmirni-lide.cz/svetelna_knihovna/htm/cz/cz_kniha_zaklady_lidske_duchovnosti_2_2.htm).

Part of the external mind is the so-called Ego = personal consciousness. In the positive state, all the minds are interconnected, and therefore no distorted perception of reality can occur, and each being has a direct connection with the Only Source of Life, with The Lord Jesus Christ. As a result of activating the negative state, there was also the fabrication of human beings by the Pseudocreators who used 95% of the animal genes and only 5% of the true human, which are from The Most High (now, The Lord Jesus Christ). Everyone who incarnates in this body has an encapsulated spirit and soul, that is, a scant access to his/her inner and the most within mind, the connection with The Lord Jesus Christ in the spiritual heart is limited to 5%, giving room for manipulation of the external mind. The Pseudocreators have created a sophisticated system of control programs that keep their sheep in ignorance, lies, fear and superficial way of life. Only thanks to the Second Coming of The Lord Jesus Christ, that goes since the late 1980s from within to outside, part of which is also the second direct incarnation Jana and all the books of The New Revelation, it leads to the awakening of an increasing number of people, expanding their consciousness, raising of vibrations and the gradual decapsulation of spirit and soul. Everyone who enters on his/her individual spiritual journey frees himself/herself from controlling the dark beings and improves his/her connection with The Lord Jesus Christ within (without knowing the true name of God = The Lord Jesus Christ). At the highest spiritual level are those, who through the books of The New Revelation learn the truth about activation the negative state, accept the new or possibly the Latest Nature of God and handover their life to Him/Her, thereby subordinating their external mind, namely ego, to The Lord Jesus Christ. This way, they can get rid of control programs from 95% to 10%, exceptionally less. What does the saying mean: has a great ego? From the above information, it is clear that ego is a part of a controlled external mind connected with animal genes from Pseudocreators, and is therefore characterized by selfishness, competitiveness, comparing with others, highlighting one's own merits and abilities, defending its territory (e.g. material goods, certain groups of people). The Pseudocreators rule over humankind and the whole Zone of Displacement by the method: divide and rule. Through the ego of beings, they create fear, dissensions, a sense of lack of anything, the lowest instincts to feed on negative energies. Everyone has the ability to change in his/her DNA, so even the most negative being from Hells can find their way back into True Creation. Until the

end of this time cycle, you can choose between the positive and the negative state. Whoever accepts The Lord Jesus Christ inwardly and lets to lead intuition, becomes more affectionate, less selfish, gains higher the view and does not get caught up in unnecessary disputes, has no need to prove his/her superiority over others. This does not mean that he/she likes attack by negative beings, he/she only trusts the inner leadership and does just what he/she feels. The problem is that many so-called spiritual and loving beings are led directly by Pseudocreators, who are also able to manifest themselves as The Lord Jesus Christ, because through the "great ego" they have failed to join in The True Lord Jesus Christ within themselves and are considered to be infallible saviors of others, unable to accept the truth from the books of The New Revelation not even the Goddess in the body. Everyone in one show the challenging journey back to the positive state and deserve the end of the negative state, although some go temporarily in the opposite direction.

The Lord Jesus Christ God's Family

12. WHY IS DIVISION OF HUMANITY NECESSARY?

The planet Earth 3D/Zero is the stage where life without God is displayed, and the only place in the Multiverse where the beings of both positive and negative state are incarnated. She was moved in space and time by the Pseudocreators due to the experiment: What would happen if anyone tried to explain the emergence of all life by natural processes without taking into account any non-natural or spiritual causes? What would be human life without any spirituality? The Pseudocreators fabricated not only the bodies of human beings living there, but also all the fauna and flora using stolen material from the True Creation of The Most High (now, The Lord Jesus Christ), which they defiled and added negative elements to him. It is only in connection with the discovery of these facts in the books of The New Revelation can be enter on the path back and transform humankind, in other words, return them where belongs, to the only parent The Lord Jesus Christ. Since nothing of the negative state can be transferred to the positive state, the material bodies of humans, animals, plants, or planet Earth 3D/Zero can not ascend into the 5D of the New Multiverse in the new cycle of time. In addition, it is necessary to complete the experiment and for a moment to let the negative state win, so that no one will choose it in the future. It is already written in the Bible about the division of humankind, in other words only, most often in parables (Luke 17:34-36):

"I say to you, In that night there will be two men sleeping in one bed, and one will be taken away and the other let go. Two women will be crushing grain together; one will be taken away and the other let go.' And they, answering him, said: 'Where, Lord?' And he said to them: 'Where the body is, there will the eagles come together.'"

Whoever chooses his/her life in accordance with the spiritual laws of love will be taken away from this reality of the Earth/Zero most often with the aid of universe people at first on their ships, after vibrations increases and acquaintance with the truth, will be replaced his/her body for a perfect duplicate from The Lord Jesus Christ, and then placed on the New Earth or another suitable planet in 5D. Exceptionally, the body will be re-vibrated directly. Even during this process, the gross body from the Pseudocreators decays to atoms and will be replaced by the duplicate. The same thing is happening already with the selected fauna and flora. Nothing can be lost, not even all the pseudo-products from the Zone of Displacement, they will only be stored in the lake of fire and sulfur (from Bible), the current language of the space databank, so that everyone has the opportunity to experience them without experiencing the consequences of living in the negative state. Re-vibration in both ways is not the same as death of the body because it is a

continuation of the same life, only in qualitatively different conditions, without staying in the intermediate world where the soul is preparing for another incarnation in the body. After the ascension of loving people, the Pseudocreators return to this planet to take control directly over their pseudo-created humankind and display the answer to the above question. They introduce the New World Order and chip people, increasing the control rate from 95% to 99.99%. Meanwhile, the taken away part of humankind on the New Earth will live together with The Lord Jesus Christ God's Family in love, joy, happiness, in enough of everything to make life pleasant and fulfilled. At the right time, the negative state on Earth 3D and the entire Zone of Displacement will be terminated, because to all the remaining unconverted beings will be open to memory and will have enough information to choose life in the New Multiverse of The Lord Jesus Christ God's Family, where there is no negative state, and beings for the first time experience the fullness of life in the positive state without limitation.

The Lord Jesus Christ God's Family

13. THE WARNING

Before the division of humankind, every inhabitant on the planet Earth 3D/Zero gets a gift of personal encounter with The Lord Jesus Christ within to have a chance to change and not to experience the pseudo-victory of the negative state on this planet. This does not mean that everyone will be able to accept by God's offered hand, but this event will remain in the genetic memory of all participants, and will also help those who stay here to make it easier for them to return to the positive state any time. One day it will occur to stop all control from Pseudocreators for 15 minutes and every inhabitant above 7 years will see of The Lord Jesus Christ by his/her internal sight, in the form adapted to the spiritual level and faith. During this time, it will recapitulate his/her life from the point of view of other people, it may remind the Last Judgement, but the judge will be each to himself/herself. He/she then visits Heaven and Hell in the mental body, a place in the positive and the negative state to have direct experience with both opposing ways of life. This experience causes considerable response all over the planet, but because it can not be proven by external means, the media, the ruling elites, scientists and other influential people will disparage and explain it in various ways, most often as crowd hypnosis. For many, however, it will be the confirmation of the existence of God, and especially those who have any experience of inner guidance, will work more hard on their spiritual growth and help spread information about the ascension of the prepared into Heaven (higher dimensions of True creation). The Lord Jesus Christ adapts His/Her word to the spiritual level of the recipients and therefore has commissioned more of His/Her envoys in the world to prepare as many people as possible for this extremely important event. An example of this is the prophetess Mary of the Divine Mercy from Ireland, which especially helps Christians (see <http://varovani.org/>, <http://jezis-kristus-varovanie.net/>). The highest truth not only about the Warning is the book of *The New Revelation of The Lord Jesus Christ God's Family*: <http://bozirodina.cz/NZ-31.htm>. The mission of God's Family, which will also speed up the spread of information on the approaching division of humankind, the necessary victory of the negative state on the Zero and life in paradise and also in the Zone of Displacement, will be fully launched after re-vibration of Jana and her closest co-workers on the New Earth. The Warning will serve primarily to heart-searching, reveal the dark side, often hidden beneath the surface, masked with good intentions. In particularly dark human beings, it can provoke furious resentment and disgust, but it always serves a positive purpose, like everything The Lord Jesus Christ does for ending the negative state and future full life without limits. Because the Warning applies to practically all people on the Zero, regardless of faith, even of the atheists, it is desirable to convey information without obtrusion in

an appropriate manner to the largest number of inhabitants of the planet. It is said the sowing of seeds that germinate sooner or later to bring its fruits in the form of entering on the spiritual path back into the positive state.

The Lord Jesus Christ God's Family

14. GOD (THE LORD JESUS CHRIST) IS NOT THE ORIGINATOR OF THE NEGATIVE STATE

The Lord Jesus Christ is Absolute Love, in His/Her Nature there is nothing negative. How is it possible that He/She allow so much suffering, wars, injustices, poverty? Only the books of The New Revelation bring answers to these questions, which many beings are putting not only on this planet Earth 3D/Zero. Above all, even the Absolute God must obey His/Her own spiritual laws so as not to destroy the whole Creation. One of the important laws is the law of free choice. Every sentient = self-conscious being has the right to accept or reject even the Only Source of Life, The Most High, now The Lord Jesus Christ, with all the consequences and results. On the original planet Earth lived a group of scientists who asked the question: What would life be if it were understood and explained as originating not from The Most High and from His/Her spiritual principles but from nature or someone or something else? Every spiritual question must be answered. Since the idea of activating the negative state arose in the minds of relative beings, it can not have eternal duration. When the answer to the above question will be answered exhaustively, which is happening in the current shortened cycle of time that is nearing its end, the negative state will be forever eliminated. The scientists became Pseudocreators who have experimented with genetic material, and the outcome of their genetic engineering is humanity on Earth. From the creature of a similar monkey, despite many unsuccessful attempts, they have come to a human that meets their demands for the display of life without God. The consequences of such pseudo-life are evident at first glance: the struggle for raw materials, competition, cruel treatment of humans, animals and nature, manipulation and lies, fear, diseases and death... In order to win the negative state for a short time, its activators, the Pseudocreators, must return to Earth 3D/Zero. They are approaching on the planet Nibiru and, after the ascension of loving people into the True Creation, they take over the rule of humankind, introduce the New World Order, chip the inhabitants, and make them slaves without free will. Only then will this experiment ended forever by the last phase of the Second Coming of The Lord Jesus Christ. Everyone here is voluntarily on the basis of free choice and agreement with The Lord Jesus Christ and even has agreed to erase memory for this agreement. Therefore, any remorse at the address of the Absolute God only lead to the deepening and prolongation of the negative state and to a greater decline on the spiritual path. Whoever wants to escape from the control programs and return to the positive state as quickly as possible, enters as often as possible inward of himself/herself, loves The Lord Jesus Christ, the neighbors and himself/herself, forgives, and if it is in the plan of his/her soul, reads the books of The New

Revelation for understanding, increased vibrations and better connection with absolute God = The Lord Jesus Christ. It all is to be done by free will, not for personal profit and advantages. In Chapter 12 of the book *The Major Ideas of The New Revelation*: A summary of the main concepts and ideas of the current New Revelation, everyone will find the most important not only on this topic.

15. THE PSEUDOCREATORS

In The New Revelation books, for the first time, is in a literal language explains the reason and method of activating the negative state and the role of the Pseudocreators, originally true people, who have the vast knowledge and abilities by The Most High. In the course of their experimentation, the most inquisitives of them asked the question: How would life look like if it was derived not from the spiritual principles, not from The Most High, but from the degree of the natural, the outermost position of Creation, not the most within position of Creation, as it has always been? The Absolute Most High foresaw this question as everything and because of the lessons and salvation of Creation has allowed its full answering and thus displaying of the negative state with all the consequences and results for one shortened cycle of time. The original people were androgynous, later taken place to split into male and female physical forms (see the story of Adam and Eva of the Bible), but these people still had connections with The Most High and were unable to accept the negative state. Therefore, Pseudocreators have experimented with different forms of life and inserted negative elements into them (for example, dinosaurs) to have the basis for the fabrication of a new type of human who had negative properties inbuilt in the genes. They took the outermost copy of the planet Earth and moved it in space and time before the inception of life, set so-called evolution by inserting several cells into the ocean and using genetic engineering to colonize the planet with different plant and animal species so that it would seem like a casual emergence of life that does not come from The Most High (see Darwin's Theory). By hybridization 95% of the animal genes and 5% of the true human genes from The Most High, they created a caveman and successive interventions, often unsuccessful, brought their work in the form of a human being who fulfills their ideas. The Pseudocreators themselves settled at the lowest level of Hells = the Zone of Displacement, exchanging their original human bodies for reptile to arouse fear and better control the beings who either fell away from The Most High or were directly their pseudo-creation. Until the first incarnation of The Most High in the body of Jesus Christ, they were reigning over the Earth 3D/Zero and Hells, from where it was impossible to return into the True Creation. Only the saving effect of Jesus has made this possible, among others, by removing some of the abilities of the Pseudocreators and putting them in isolation from others. Soon after the merger of The Most High with Jesus and the creation of the New Nature of God = The Lord Jesus Christ (1987, the linear time of Zero), the Pseudocreators were released to return to Earth 3D/Zero and took personal government over their pseudo-humankind and led to the end of the life without God and His/Her principles of love. They plan to chip people to become puppets on the remote control, at the

same time evolving with using the latest technology of the so-called supermen with extraordinary powers, to take a desperate attempt to assault on the True Creation and The Lord Jesus Christ, have removed Him/Her of His/Her Absolute Power and thus destroy the entire Multiverse. Their idea is totally far off and unrealistic, only proving that they are relative beings who have their limitations. At the end of this cycle of time, they too will be able to convert to the positive state like all beings from the Zone of Displacement. Many Pseudocreators have done and are still doing on the basis of working of Jesus Christ and now Jana and the mission of God's Family.

16. THE NEW EARTH

Every planet is an advanced sentient = self-conscious multidimensional being. In every dimension, it also has a natural body that provides home and everything needed to other beings, such as humans. The Earth was created by The Most High as a universe library with many diverse species of plants and animals, served as a genetic pool for the formation of other worlds by relative beings. After activating the negative state, the Pseudocreators took her outermost copy and moved her to the edge of the Zone of Displacement into a special position between the positive and the negative states to show the life without the spiritual principles of love. Thanks to this special position is called Earth 3D/Zero (more: [http://www.andele-nebe.cz/svetelna knihovna/htm/cz/cz kniha nove zjeveni pana jezise krista 17.htm](http://www.andele-nebe.cz/svetelna_knihovna/htm/cz/cz_kniha_nove_zjeveni_pana_jezise_krista_17.htm)). Since the 1950s, the Second coming of The Lord Jesus Christ takes place, and thus the transformation of humankind and planet Zero. Each inhabitant chooses where to live after the division of humankind, whether to remain on Earth 3D, which, due to the display of the answer to the question after the second arrival of the Pseudocreators, will fall into Hells or be lifted on spaceships of the universal people and relocated in the new body to the New Earth in 5D. The choice concerns those who do not leave the planet Zero by body death. The New Earth is created by The Lord Jesus Christ in the new cycle of time in the New Multiverse and will be home to 600 million people. It is also the place where The Lord Jesus Christ God's Family will live with His/Her closest co-workers in the Spiritual Center of God's Family. Here, beings from many levels of Creation will meet, and from there the Team of God's Family will also operate in the Zone of Displacement to help the fallen beings convert and thus eliminate the negative state. At the same time it will also act in True Creation to bring experience from both opposing states and to facilitate the choice of beings at the end of the cycle of time. The Lord Jesus Christ God's Family will show to the beings of Multiverse in the bodies of a man, a woman and two children and establish with them more personal and loving relationships than before the emergence of the New and Latest Nature of God. The New Earth is a paradise planet with a single broken continent around the equator and many islands in the north and south ocean. Nature is varied, fresh and colorful in color, the animals are peaceful, and the plants do not dry and wither, because in the positive state everything is supplied by energy of the only source of life of The Lord Jesus Christ without limitation. People will live here in peace, love and sufficiency of everything without a financial system, slave labor and control programs. They will be able to travel around the Multiverse, explore other civilizations and planets, the solar systems and the galaxies, establish friendly relationships with other beings. By the global planet language will be Czech, as

the most perfect, most exacting and most accurate language, not created by Pseudocreators as other languages, especially English, but by The Lord Jesus Christ, brought by selected beings in the territory chosen for the future God's mission and the second direct incarnation. Telepathic communication and many other abilities that make life easier and more pleasant will be a matter of course.

17. SEXUALITY

Sexuality is a conductor of all aspects of life from its original source of The Lord Jesus Christ to the diverse bearers of life. Without sexual energy, it would not be possible to create other relative beings and environments, to share and maintain life in the Multiverse. In order for the Pseudocreators to succeed in their intention to display life without God, they have to limit as much as possible the connection with The Most High through sexuality. The result of their fabrication is human sexuality, which has very little to do with true sexuality in the positive state. While loving beings of the opposite sex in the True Creation share on the sexual act of the spiritual, mental and physical qualities of their unique personality and experience unimaginable and long-lasting pleasure, people on the Zero are limited only up to the physical intercourse of sexual organs that inappropriately located near the excretory organs, in addition, they depend on the ability of an erection of a man that is uncertain for various reasons. To make things worse, people are through education, religion, so-called morals and other control systems fed up with false and distorted information about sexuality to have feelings of shame, embarrassment, resistance, leading to frequent disorders, illnesses, perversion and other kinds of suffering. Human beings are unable to reconcile each other and experience orgasm together, feel what their sexual partner feels, and so often they are pretending, feeling uncomfortable and disappointed. Because nothing of the negative state can be transferred to the positive state, during the transformation of people will take place the body's exchange from the Pseudocreators in behalf the perfect crystalline body from The Lord Jesus Christ, which lacks anomalies including penis and vagina. The quality of sexual life in these new bodies will be incomparably better than anyone can imagine. Even the beings in the present cycle of time, when both opposing states co-exist, can not experience such amazing sexual connections as those who are already part of the New Multiverse in the new cycle of time because they still have to deal with throwing away negative thoughts. Anyone who will be taken away and transferred on the New Earth during the division of humankind will recognize a whole new sexual experience that is related to the New and Latest Nature of God. Thanks to both incarnations of The Most High into the body of the man Jesus and the woman Jana on Earth 3D/Zero, occurred and occur to the connection of human sexuality, purified from everything negative, into the Absolute Sexuality of The Lord Jesus Christ (The Lord Jesus Christ God's Family) and the emergence of a completely new kind of sexuality that has not yet been possible. The Lord Jesus Christ fulfills one of the most important promises, He/She made before activating the negative state that after its

elimination there will be changes in sexual relations as well. As it is written in Revelation of John (21:5):

"See, I make all things new."

The Lord Jesus Christ God's Family

18. MARRIAGE

True spiritual marriage is a combination of good and love and truth and wisdom, feminine (female) and masculine (male) principle. It never indicates the relationship of one physical man with one physical woman. In the positive state, there is no marriage in the sense of earthly, because the beings have freedom in establishing any kind of sexual relations for the better knowledge of themselves, others and The Lord Jesus Christ within themselves. This does not mean that one can not decide for a long-term relationship with one being of the opposite sex (homosexuality is the result of the violation of the spiritual principles by the Pseudocreators), but it is always a free choice on both sides. When any relationship exhausts its usefulness and meaningfulness, it is ended without the feeling of loss, disgust and grudge. Only in the negative state, where everything is turned upside down, and due to the genetic manipulations of Pseudocreators, there has been a limitation of the connection of human beings with the Source of Life, the concept of marriage is completely deformed. Into true humans have been inbuilt negative qualities: jealousy, feelings of wealth, exploitation of others, manipulation, promotion, selfishness, false expectations, etc. The original purely positive good, love, truth and wisdom were forcibly associated with evil, hatred, lies and cunning, making impossible the existence of true spiritual marriages on the planet Earth 3D/Zero and throughout the Zone of Displacement. It is impossible to combine the positive state and the negative state, the universe and the anti-universe, because it would destroy all and everything. True marriage can only be closed after leaving the body from the Pseudocreators and thorough purification from all infestations and distortion by the negative state either after body death or re-vibration during the division of humankind. The Lord Jesus Christ is always an example to others, therefore marrying with his feminine essence Jana after re-vibration on the New Earth, where her body will be stripped of all the negative so that even by the external = physical connection of the male and female principle He/She show the path from the trap of the negative state all beings in Hells and true human beings on Earth 3D. By the birth of the twins, the two direct incarnations of The Lord Jesus Christ, a complete God's Family will be created to live with the people on the New Earth and to visit the beings throughout the Multiverse. Eternal relationship is only to The Lord Jesus Christ God's Family, all other relationships are transient and temporary. How will it be during the division of humankind with earthly spouses and families? It always depends on spiritual relations and level. Everyone chooses their family members before incarnation, including their spouses and sexual partners, and the experience they need to experience and display. Someone already lives with a partner with whom they are spiritually resonating and

therefore can (but may not) live on the New Earth together. If spouses live together for other reasons, for example due to property, children, traditions, dependence, fear of loneliness, etc., however, due to other spiritual qualities, they will be taken away, most likely, these partners will be split and exchanged. There will be many cases of division of spouses and families during the ascension because one will be taken because of his/her high vibrations of love and the second due to attachment to this matrix will be left. Therefore, do not cling to anyone and anything, you can not know the path chosen by your closest. Ultimately, you will all meet in the positive state, and you will look at the experience of life on the Zero or the Hells from a different perspective.

19. VIBRATIONS

The Lord Jesus Christ is the Only Source of Life in the Multiverse, even of the so-called dead life of the negative state, which for a limited period of time allows for the necessary lessons. Life is a constant movement = oscillations or the vibrations of all the interconnected particles that make up all sentient and non-sentient beings and environments, planets, suns, galaxies, universes... There is nothing that does not vibrate, although at first glance it may not be noticeable. The speed of oscillations is related to the relationship of sentient beings to The Lord Jesus Christ, to other beings and to oneself. The vibrations of beings also affect the vibrations of the environment in which they live. The highest vibrations has The Lord Jesus Christ, The Absolute Creator of everything and everyone, the ubiquitous energy, Who created the Firstborns, through which He/She further forms other relative beings. The lower the speed of particle vibrations, the more massive the body and vice versa, the higher the vibrations, the finer the bodies of the beings and the environment. After activating the negative state, there was a fall of beings into the Zone of Displacement, which has opposite vibrations, in other words, the inverted frequency. So the Pseudocreators who rule over the hells and planet Earth 3D/Zero and have settled in -12D have the highest vibrations with the opposite frequency. The biggest differences in vibrations have people on the Zero because it is the only place in the Multiverse, where the beings are incarnating from both opposing states, from True Creation and from Hells, so that the answer to the question: How would life without God look like. Just on this planet, The Most High, now, The Lord Jesus Christ incarnated in the body of Jesus and Jana to bring out humankind and gradually all beings from the negative state. Transformation is accompanied by the influx of energy of love and light, causing vibrations to increase and widening the consciousness of the population, but due to great differences in the spiritual level, the ascension can not take place at one and the same time. Until the division of humankind, the energies of love on Zero will be amplified to help those who choose a positive way of life and more uncover the negative qualities of those who are still consciously and unconsciously turning their backs to The Lord Jesus Christ.

Increasing vibrations can occur in many ways:

- by going within as often as possible, communication with The Lord Jesus Christ and the spiritual family
- by reading the God's Word, especially all The New Revelation books
- by favorite activities that make you and your neighbors happy (in accordance with the spiritual laws of love)

– by living in nature...

Since the relationship to The Lord Jesus Christ (The Lord Jesus Christ God's Family) is decisive, the highest vibrations on Zero have representatives of The Lord Jesus Christ God's Family, no matter how they feel in this gross body. Vibrations are the only fair measure for the ascension of people from this reality into the positive state. Higher vibrations also feel the agents of Pseudocreators who consciously turn against The Lord Jesus Christ God's Family and separate Jana from The Absolute Lord Jesus Christ, only have a inverted frequency and are under the influence of Pseudocreator's control programs who in this case impersonate of The True Lord Jesus Christ. They consider negative everything from The Lord Jesus Christ God's Family. Everyone plays an important role here and ultimately helps the whole.

The Lord Jesus Christ God's Family

20. DIMENSIONS

The concept of dimension has several meanings. We will not deal with so-called scientific concepts from planet Earth 3D/Zero, which refers to dimensions (length, width, height, time), because scientists are exploring primarily material anti-universe and consider it a real universe. There are three basic dimensions in Creation:

1. Spiritual - The Lord Jesus Christ is the Absolute Spirit that produces ideas and thoughts and radiates them into a spiritual sphere which is timeless, spaceless, eternal and endless with inexhaustible variations, levels and qualities of spirituality. In the spiritual dimension, the sentient spiritual beings, who form other spiritual worlds and beings, live.

2. Intermediary = Mediating - every thought needs to be examined and validated its validity and usefulness, and therefore there is a mediating dimension where the souls of the sentient beings who are helping to realize thoughts and ideas coming from the spiritual dimension live. They also form mental worlds with galaxies, solar systems, etc.

3. Physical = Natural - there is a manifestation of thoughts and ideas from the spiritual world brought through the intermediary world.

All three dimensions are infinitely different, but at the same time they are linked by so-called singular objects (here known as the black/white hole) in every universe, galaxy, solar system, planet, sentient beings.

Each of the three basic dimensions contains 12 vibration belts, which we also call dimensions, the 13th dimension is the seat of The Lord Jesus Christ, which transcends all Creation and controls and keeps all the life of Multiverse from the Absolute Position. In 12D, the most advanced intangible and eternal relative beings, the so-called Firstborns, are involved in the formation of other universes and beings. In 11D the civilizations of the archangels are living, in the 10th and 9th dimension living beings we can simply call masters. In the lower dimensions (5D to 8D), there are many different kinds of sentient beings called angels, universe people. Mostly they have a humanoid form with many variations, but there are also different beings, difficult to imagine for you. The positive state begins with the 5th dimension. Between the 4th and 5th dimensions, is a impermeable membrane separating the universe from the anti-universe temporarily after activation of the negative state. From the point of view of the True Creation, the 1st to 4th dimensions are uninhabited by sentient beings. In 3D, besides of the planet Earth/Zero, stolen by Pseudocreators for displaying life without God, the only contact point of the two

states, are even the planets of the Zone of Displacement where most primitive beings or civilizations live that by their negativity destroyed the surface by wars, unreasonable access to nature, etc., and live under the surface. The dimensions of the Zone of Displacement are -1D to -12D. In the new cycle of time, when there will be no negative state, this zone will be deactivated and vaporized, all beings will be purified and, on the basis of free choice, will be returned to the positive state that is eternal. Then all the dimensions will be interconnected and there will be no separation, there will be a closer alignment of the basic three dimensions: spiritual, intermediary and physical.

The Lord Jesus Christ God's Family

21. THE CYCLE OF TIME

The Lord Jesus Christ, as the Absolute Spirit, releases in successive doses and steps spiritual elements that accept all relative sentient beings from the universe, the galaxy, the solar system, the planet up to the individual (e.g. a man) to share their life with Him/Her. It is said that there is no time in Multiverse. This is true for the spiritual and intermediary worlds, but for the physical where the thoughts are manifested, that does not apply. Time is bound to space and is relative, as discovered by earthly scientist Albert Einstein. However, no scientist on Earth 3D/Zero can fully understand the whole issue because he/she neglect the existence of three basic dimensions: spiritual, intermediary and physical (see The Spiritual School No. 20). Every radiant spiritual component from the Absolute Source of The Lord Jesus Christ must be absorbed, manifested in the individual lives of individuals and larger units (nations, planets, solar systems, etc.) and accepted in their interiors. This process takes place in cycles of time: from the shortest to the individuals, the planetary, the galactic, the cosmic up to the longest, which applies to the whole Multiverse. During the radiating of the spiritual component, the existing cycle of time is gradually terminated and the new cycle is started. This transitional period is necessary for all beings so as not to damage them. Everyone has always enough "time" to absorb the spiritual aspects released in a given cycle and at the same time is prepared for aspects of the next cycle. How about the existence of the negative state?

In the current cycle of time, there is an experiment where the answer is to the question: How would life without God look like? It is the only cycle of time when the negative state is enabled in active form, at the same time it is shortened because the question has not been asked from an Absolute, but a relative position, and the answer to it will exhausted and manifested earlier. The previous cycles of time were the preparatory phase when the negative state was in a stagnant form in the state of potential, because there was always the possibility under the law of free choice to reject The Most High (now, The Lord Jesus Christ) as the Only Source of Life. Right now, from the point of view of planet Zero, the end of this cycle of time is coming, where the negative state will win a little while after the arrival of the Pseudocreators. All the experience will be stored in the so-called lake of fire and sulfur, a multiversal archive, which will serve for the following cycles, in which the negative state will no longer be active if someone has the same question. The respective individual will be accompanied by The Lord Jesus Christ God's Family to experience the chosen experience without any harm. From today's point of view, it can be likened to virtual reality, computer games, but at a much better level. It is only from the new cycle of time that is already active by the creation of the New Multiverse,

including the New Earth, that it will be possible to create and live without a limitation by the negative state. By re-vibration of Jana and the Team of God's Family will be accelerated the transformation and thus the end of the negative state and this cycle of time. Each of the readers and practicing of The New Revelation and this Spiritual School individually contributes to the descent of heaven on earth, which in the ultimate sense means a new cycle of time without the existence of the negative state.

The Lord Jesus Christ God's Family

22. IS THERE A REINCARNATION?

The emergence of the sentient = self-conscious being takes place in two basic ways:

1. By the direct donation of the Lord Jesus Christ, when the separation of a unique idea, which according to the law of free choice agrees with an independent relative life for eternity. It is a process from within to the outside.
2. By sexual intercourse between two beings of the opposite sex, when the idea of the birth of a new being arises. The Lord Jesus Christ will donate to this idea the spirit, the souls, and will create a physical body from the natural environment.

In the negative state, i.e. in the Zone of Displacement, new sentient beings are emerging:

1. By fabrication of Pseudocreators = cloning, use of advanced methods of genetic engineering. It is an inverse process from the outside where the physical body is formed, to which is assigned the negative soul and spirit from the refused and stolen energies.
2. By sexual intercourse of the two beings of Hells, when the idea of creating a negative being is born, again a physical body of different density is created (according to the dimension) to which the soul and spirit are assigned.

On the planet Earth 3D/Zero incarnate both the beings from the Zone of Displacement, from the True Creation and the true human beings. All three types of beings are born in an animal way from the mother's womb and their memory is erased due to the experiment of life without God. True human beings are a mixture of positive and negative ideas as the only beings in the Multiverse, and have no experience of positive or negative situations in addition to preparation in the intermediary world, so they tend to be in one or the other state during their life, most often both. It is only after the death of the body these souls go to Hells or Heaven, always in accordance with their choices. **No soul who leaves the physical body anywhere can not go back to where she left. This applies without exception to the entire Creation and the Zone of Displacement. For spiritual reasons, it is not possible to repeat the same experience, regardless of linear time, place, social status, race, polity, etc. Therefore, literal reincarnation does not exist.** Why can

anyone remember the so-called past life on the planet Zero, e.g. during regression hypnosis? Every being takes over the life belt of a member of her multidimensional family to continue in a particular life line on respective planet. After completing her task and appreciating her life (the Last Judgement) she prepares to incarnate to another level and to another planet, always in agreement with The Lord Jesus Christ. In the positive state, beings remember all their past lives and have a connection with their soul and spirit. In the new cycle of time, there will be no ignorance, separation of the physical body from the soul and the spirit, false pseudo-spiritual teachings (e.g. about reincarnation), or organized religions and churches.

23. RELIGIONS AND CHURCHES

In the positive state, each being has a direct connection with The Absolute Lord Jesus Christ (formerly, The Most High), and therefore does not need any external organization or mediator, such as priest, guru, shamans, and so on. As a result of the activation of the negative state, especially after the fabrication of true human beings by the Pseudocreators, when there was a drastic limitation of contact with the only source of life, religious organizations and churches had to be created to keep at least a few grains of spirituality in humans. Pseudocreators have often been in the role of gods, causing divisions and wars, manipulating, demanding bloody sacrifices (animal and human). Just look into history, though distorted by censorship and rewriting, and if you believe in the existence of God, it will come out to you as jealous, imperious, unfair, eager for violence, requiring different rituals, dressing and eating, sexual practices, etc. Who could love such God? Only the incarnation of The Most High in the body of Jesus Christ has brought to the people and beings of the Zone of Displacement the true image of the loving, forgiving, wise and self-sacrificing God who is willing to lower himself to the lowest level to show the path from the trap of the negative state. Though Jesus did miracles, after the crucifixion he rose from the dead and showed himself not only to his disciples until his ascension, but even then no one was able to believe that it was God in the body, at best they considered him the son of God, mostly a prophet. Soon after his departure, his teaching was distorted and later Christian churches were founded. Every religious organization, church, or sect anywhere in the world is wholly governed by Hells according to the slogan: divide and rule as well as all political, economic, scientific, artistic... associations. This does not mean that within these organizations are not the envoys of the only true God of The Lord Jesus Christ, but their actions are unobtrusive, unpretentious and modest. Most major religions on Earth 3D/Zero await the coming of the Messiah under different names and the arrival of the golden age, heaven on earth, etc. In particular, the literal interpretation of the Bible will use Pseudocreators to deceive the overwhelming majority of humankind. Through the advanced technologies, the holographic second coming of Jesus Christ they will create in the sky, and one of them in the human body, reminiscent of "the Son of God", will take of rule over those who remain after the rapture of loving people on the New Earth. Pope Francis actively cooperates with other religious leaders under the leadership of the Pseudocreators to unification all religions and the future creation of a global church that will remove the last remnants of the true God's Word. Then there will be a period of spiritual darkness, when people, through chips under the skin, become puppets, controlled at 99.99%, predicted in the Revelation of John in the Bible (13:16-18):

"And forcing all, both small and great, rich and poor, free and slaves to have on his right hand or on his forehead the mark so that they cannot buy or sell who is not marked by name of the beast, or by a digit of her name. It is necessary to understand: who has wisdom, let him calculate the number of the beast. This number indicates the human, and that number is 666."

Only then will the answer to the question that triggered the negative state and there will the second coming of The Lord Jesus Christ and the end of this shortened cycle of time when this perverse and unnatural way of life, a dead life without God and His/Her spiritual laws of love, was allowed. For several years, everyone has the choice of where to live after the division of humankind. On the New Earth in a new cycle of time, people will no longer need any religions and churches because God, The Lord Jesus Christ God's Family will live with them in the bodies of a man, a woman and two children, and everyone will have personal experience with the Latest Nature of The Absolute God. No one will ever have an encapsulated spirit and soul blocked from joining The Lord Jesus Christ God's Family inside.

24. THE ZONE OF DISPLACEMENT = HELLS

The position of each sentient (self-conscious) being in Multiverse is determined by her relation to The Absolute Lord Jesus Christ. Because of the law of free choice, a being can reject the Only Source of Life, but she carries consequences in the form of displacement from the True Creation to the so-called Zone of Displacement. In previous cycles of time, this zone was uninhabited, serving only as a waste basket for throwing away thoughts that did not coincide with spiritual laws. The people on the original planet Earth were the bisexual beings created directly by The Most High (Adam phase). Thanks to tremendous knowledge, they have begun with bi-cloning and have created unisexual beings, splitting into male and female forms (Adam and Eva phase). Though these human beings had a direct connection with The Most High, they were no longer in such close contact as those that arose from direct donation. Particularly on the physical planet of Earth, they dealt more with exploring natural phenomena and laws, experimenting in scientific laboratories rather than with spiritual correspondences. That is why, on this planet, the question was asked: How would life look like if was conceived and explained as coming not from The Most High and from His/Her spiritual principles, but from nature or from someone or something else? Because it is necessary to answer this question, the negative state has been activated. All participants of this experiment voluntarily fallen through into the then uninhabited Zone of Displacement and became Pseudocreators (more about them at The Spiritual School No. 15). The Zone of Displacement can be called by Hells or anti-universe, because everything is in opposition to True Creation, literally upside down. Pseudocreators are only relative and dependent as all beings on the Only Source of Life, The Lord Jesus Christ. Everything they pseudo-create from the rejected energies is temporary and will be cleansed and returned to His/Her original owner = The Lord Jesus Christ at the latest at the end of this cycle of time. The Zone of Displacement also has three basic dimensions: spiritual, intermediary and physical, and 12 vibration bands = reversed-frequency dimensions. It is inhabited by negative and evil beings who like to hurt others, hate everything that comes from the positive state, and they take pleasure in distorting and breaking the truth. The planets are mostly hostile, without green nature, with a lack of light, the population lives in slave conditions under the rule of cruel masters. Although Pseudocreators try to keep their dominion in the same state, because the negative state loves stagnation, they are forced to adapt to the development in the True Creation and to respond to the changes of the nature of The Absolute God. After the fusion of Jesus Christ with The Most High, when the nature of The Lord Jesus Christ originated, hell's gates opened and the fallen beings can be converted into the positive state. The spread of all

New Revelation books in the Zone of Displacement also causes the contamination of negative beings with the true God's Word, love, and truth, which can be compared to antivirus in an infected computer. To the acceleration of emptying Hells also contributes the mission of God's Family which after the preparatory phase on the Zero, will be launched by the re-vibration of Jana and her closest co-workers on the New Earth from where they will spread the latest God's Word in all dimensions of Multiverse. By the Pseudocreators' response to the creation of the New Multiverse by The Lord Jesus Christ is the fabrication of pseudo-multiverse, where the beings are kept in a state of permanent hallucination, that are living in a beautiful environment reminiscent of the paradise empires of the True Creation so that they do not want to convert. Nor will this fraud prevent the future elimination of the negative state at the end of this shortened cycle of time when the Zone of Displacement is inhabited.

25. WEDDING OF THE LAMB

In Revelation of John (19: 7-9), it is written:

"Let us be glad with delight, and let us give glory to him: because the time is come for the Lamb to be married, and his wife has made herself ready. And to her it was given to be clothed in delicate linen, clean and shining: for the clean linen is the righteousness of the saints. And he said to me: 'Put in the book, Happy are the guests at the bride-feast of the Lamb.'"

The Bible, especially the New Testament, is written in a spiritual language that has more meanings and correspondences. Just few people in the human body from Pseudocreators are able to understand them. The books of The New Revelation are written in a literal human language thanks to the New Nature of God. Some Christians correctly understanding the bride of the Lamb as all who have embraced the Divinity of Jesus Christ and will be taken away into the Kingdom of Heaven (see the book by Sergej Mihal: *Ascension*). Yet almost no one knows that God = The Lord Jesus Christ is present in the female body of Jana on the planet Earth 3D/Zero to take away a loving and peaceful believers into the positive state during the division of humankind. In a literal sense, just Jana is the bride of the Lamb. After re-vibration her on the New Earth, the marriage of The Lord Jesus Christ and Jana will be carried out in perfect bodies, thus purifying marriage from all the negative and the combination of good, love, wisdom and truth (feminine and masculine principle) even at the outermost = physical level. Wedding will attend by the closest co-workers of God's Family, who re-vibrating soon after Jana on the New Earth, and many representatives of different races and civilizations from all levels of Multiverse. The record will be stored in a universe database, and everyone will be able to see it. Until the division of humankind, God's Family Team will help ascend as many people as possible from planet Zero, and by the end of the cycle of time to convert fallen beings out of Hells. The Lord Jesus Christ God's Family will greet and embrace in the bodies of the man and woman of every one who re-vibrates on the New Earth. Even this event can be called by Wedding of the Lamb. After the end of the final stage of the division of humankind, when it will be necessary to let the remaining people under Pseudocreator's rule to show the pseudo-victory of the negative state, and the planet Earth 3D fallen through at the position -1 into Hells, twins, a boy and a girl are born to The Lord Jesus Christ and Jana on the New Earth. For the first time in the history of Creation, God will live in the form of a complete God's Family among the people, as promised by Jesus Christ 2,000 years ago in the Revelation of John. This will also remedy the incomplete and distorted perception of God as a man, and there will be a physical demonstration of the spiritual principle of equality between

male and female sex. When the entire Zone of Displacement is emptied and thus the existence of the negative state is ended, the relative Divine Beings, Jana and the two children, will be merged with The Absolute Lord Jesus Christ and the Latest Nature of God, The Lord Jesus Christ God's Family will appear. Then in being and existence there will be only the positive state, and all beings will form their unique life in love, joy, happiness without limiting by the negative state.

26. HUMANITY ON PLANET EARTH (ZERO)

The planet Earth 3D/Zero is placed in a special position on the edge of the Zone of Displacement in a solar system with one sun due to the experiment of Pseudocreators. She is isolated from True Creation and Hells, and therefore there is no direct evidence of the existence of intelligent life elsewhere in the universe. Although into the development of humankind, fabricated for the purpose to display life without the spiritual principles of love of The Most High, alien beings from different dimensions of the anti-universe were interfering all the time, evidence in the form of flying ships, remains of bodies, etc., were and are kept secret. Humankind is kept in ignorance, and through the control programs of negative entities emanating from underground bases on the Moon, Jupiter, Saturn, and in the past decades even from Earth transmitters and media, is led to a consuming way of life, dealing only with external affairs so that it is not interested in its inward and spiritual truths. For those who are interested in spiritual life, there are a myriad of different churches, religions and esoteric directions, but they are all misleading because they are ruled Pseudocreators and their minions like everything on this planet. People on Earth are the only sentient beings that depend on their environment. Everywhere else in the Multiverse, beings adapt the environment to their needs and desires, they can move outside of their planet without special aids, only humans are completely dependent on the specific conditions of this planet Zero. Their bodies are imperfect, they get tired quickly, they need sleep, they often get sick or get hurt, they need a lot of time to stay alive and in relatively good condition. People produce a huge amount of toxic waste that accumulates on the planet and damages to this living being. Without the help of positive universe people, she would no longer be able to keep life on her surface long time. The result of control are also constant dissensions, wars, inductive of anything fears, unfair distribution of resources, enslavement by the financial system, and many other problems. From the above information it follows that life in the human bodies from the Pseudocreators on the planet Zero is extremely demanding. In particular, beings who are incarnated from the positive state in order to raise spiritual level and equalize vibrations, rightly feel here like uninvited aliens. It's easier for the true humans who do not have any experience of both states, hells creatures feel the best here because it is a natural way of life for them. Just beings from the deepest hells are incarnated among the ruling elites on Earth, they have under thumb all the politics, economy, churches, the media, science, the entertainment industry, etc., deciding on all the important aspects of human life. Even these elites are ruled and controlled by Pseudocreators who prepare the scene for their triumphant return on Zero to personally participate in the last act of this experiment with negative state. Even before their arrival,

all loving people will be recalled, most of whom will be moved into new bodies on the New Earth where The Lord Jesus Christ God's Family will welcome them, and they will live together in paradise, as written in Revelation of John (see The Spiritual School No. 7: <http://svetelneinfo.cz/duchovni-skola-pjkbr/7-2/>).

27. EVERYONE IS RESPONSIBLE FOR HIS/HER LIFE

There is a law of free choice in the entire of Multiverse, and everyone without exception is responsible for his/her thoughts and actions, for his/her life. This also applies to the Zone of Displacement and the planet Earth 3D/Zero where the beings live in the negative state. No one can make excuses himself/herself for the external conditions of his/her life, ignorance and erasure of memory, because he/she has the ability to change in his/her DNA, without which he/she might not survive the "dead life" which does not come from The Lord Jesus Christ. Each being is composed of spirit, soul, and physical bodies, while just the soul mediates spiritual impulses and helps them realize by their physical processes in the physical body. Before being incarnated in any physical body, the being will agree in advance with The Lord Jesus Christ everything essential that is necessary to experience, with which beings will establish a related relationships, etc., and the necessary abilities and talents are given to it. So everyone knows what's about to come. He/she also agrees to erase memory due to the experiment with the negative state to make such a pseudo-life at all endured, to be credible and to serve all. No one incarnates on any place in the Multiverse under coercion, always on the basis of free choice, i.e. voluntarily. For people on the Zero, the situation is made more difficult by the encapsulation of spirit and soul and Pseudocreators' control programs, but they also have the choice between positive and negative thoughts and bear the consequences of their daily choices. Just a free choice allows the being to receive and follow the plan of his/her soul and The Lord Jesus Christ, or to reject it and go "head against the wall". Especially the awakening people on the spiritual path can already know, intuitively senses when they deviate from the plan and when they are in harmony with it. They do not think of anything in their lives as a coincidence, they notice the synchronicity, and retroactively see the perfection of God's Plan. Those spiritually most advanced give up their lives completely into the hands of The Absolute Lord Jesus Christ because they realize that only He/She knows what is best for them. They cease to bind themselves to the wishes of their ego, other people, possessions, pleasures, and with humility and gratitude they accept everything that comes to their lives. This does not mean that they are totally deprived of control and swings, that sometimes they do not complain of an unpleasant and difficult life in this imperfect body, only they can connect with The Lord Jesus Christ within and return to a state of equanimity earlier than others. In The Spiritual School No. 14: God (The Lord Jesus Christ) is not the originator of the negative state (<http://svetelneinfo.cz/duchovni-skola-pjkbr/14-2/>), it is emphasized that any remorse to the address of the Only Source of Life, The Lord Jesus Christ lead to deepening and spreading the negative state. It does not matter if their

originator is the agent of Pseudocreators or closest co-worker of God's Family, in both cases it is the same: denial of responsibility for his/her life. Whoever wants to re-vibrate on the New Earth or convert from Hells to the positive state, let accept The Lord Jesus Christ (or The Lord Jesus Christ God's Family) as the Only Source of Life, enters as much as possible within himself and accepts responsibility for all his/her decisions.

28. THE SECOND COMING OF THE LORD JESUS CHRIST

Without the incarnation of The Most High into the human body of Jesus Christ, the elimination of the negative state which contaminated Creation and threatened its life could not be initiated. Jesus Christ was until the fusion with The Absolute Most High (in 1987) the relative God, who, thanks to the crucifixion, he could enter into Hells without annihilation them, captured the Pseudocreators, removed some abilities of them, and isolated them from the others. He lived in the Zone of Displacement for a long time to know him as much as possible of the beings and show them the way into the positive state. Meanwhile, there were preparations for the Second Coming of the Lord Jesus Christ, which have several phases and not all are visible on the planet Earth 3D/Zero (cannot be taken linearly):

- revealing the originators of the negative state, the Pseudocreators
- revealing of the betrayal of Christianity and other religions
- opening access to other dimensions = spiritual, mental and physical contact with extraterrestrial beings from both opposing states
- writing and spreading The New Revelation books, the first God's Word in a literal language without the use of a mediator in the form of an angelic being
- the acceptance of the New Nature of God The Lord Jesus Christ within
- the second direct incarnation of The Most High, now The Lord Jesus Christ into the female body (the balance of the male and female principles)
- opening the path on the New Earth in a new cycle of time by re-vibration of the Goddess of Jana and the God's Family Team through the reactivated Bifrost
- the working of God's Family mission on the Zero, in the Zone of Displacement and True Creation = the acceleration transformation and emptying Hells
- the Warning (<http://svetelneinfo.cz/duchovni-skola-pjkbr/13-2/>)
- division of humankind = the re-vibration (ascension) which are ready to live in the positive state and leaving of attached to the matrix
- the second coming of Pseudocreators to Zero = the introduction of the New World Order with chips under the skin (the sign of the beast)

- the foundation of God's Family by the birth of two direct incarnations of The Lord Jesus Christ (twins, a boy and a girl)
- elimination of the negative state after its victory on the Zero
- the Last Judgement in the neutral state (limbo) and the end of the current cycle of time in which the negative state is active
- the fusion of the relative Divine incarnations of Jana and both children with The Absolute Lord Jesus Christ, the emergence of the Latest Nature of God = The Lord Jesus Christ God's Family

This brief overview goes beyond the existing information on the Second Coming of The Lord Jesus Christ from The New Revelation books and will be further refined. The God's Word is transmitted by the method of repeating in spiral and there is always a new revelation of truth that could not have been revealed previously for safety reasons.

29. THE SECOND COMING OF THE PSEUDOCREATORS

The Pseudocreators (see The Spiritual School No. 15: <http://svetelneinfo.cz/duchovni-skola-pjkbr/15-2/>) are on their way to the planet 3D/Zero so that, after the division of humankind, they personally take rule over those who display pseudo-victory of the negative state. They are approaching on "the planet" Nibiru, which can be seen in a suitable constellation as the second sun. Preparations for the return of the gods of the creators of this human race are in full swing, will culminate by the holographic production of the Second Coming of Jesus Christ, according to the literal interpretation of the Revelation of John in the Bible, to confuse as many people as possible. One of the Pseudocreators will play the role of the Messiah, the Savior, and initially will help to solve the most troublesome problems of humankind. This wolf in sheep's clothing will unite all religions and will create a world church that has nothing to do with The True God, The Lord Jesus Christ. His image will be exposed in all public spaces and people will worship him. Individual states and groupments (such as the European Union) will give up their power to the benefit of the global government so that the New World Order, of whom has been publicly spoken by many politicians, can be fully realized. The technology development will grow even faster, the wealthier and cooperating elites will undergo "the improvement" of their bodies by different implants to be superior to "ordinary" people. Humankind will be chipped compulsorily to be more controllable, perfectly monitored and regulated. Anyone who opposes chipping will be persecuted, trapped in concentration camps (see FEMA in the US) and physically destroyed. Chipped people will become puppets without their own will and free choice, they will be cheap labour, slaves, and consumers whenever they can be removed from the system. Pseudocreators will continue to develop and create so-called supermen with immense abilities, but without feeling and conscience, intended for killing. Initially, they will be used to keep order on the Earth 3D, which will gradually fall into Hells (from 0 to -1), later this supermen army will under the command of Pseudocreators will want to invade True Creation, but thanks to the providence of The Absolute Lord Jesus Christ they will be diverted into Limbo = neutrality. Meanwhile, the mission of God's Family will operate especially in the Zone of Displacement where they will spread The New Revelation, a cure for the Pseudocreators virus and above all love, causing mass exodus from Hells to the New School and after their transformation incarnation into new bodies from The Lord Jesus Christ and placement in the New Multiverse in the new cycle of time. When the answer to the question: How would life without God look like, the last phase of the Second Coming of The Lord Jesus Christ God's Family will come to when in full glory,

with the crowds of angels He/She comes to Earth 3D and ends the negative state and everything that relates to true human life. All beings will be transformed into a state of neutrality where memory will be fully open, will be the Last Judgement = the assessment of the life of individuals, planets, solar systems, galaxies... and the possibilities of life in the new cycle of time without the existence of the negative state will be shown.

30. UNIVERSE PEOPLE

Multiverse is full of life; on planets and suns (stars) lives a vast array of diverse civilizations that associate sentient = self-conscious beings at a similar level of spiritual development. Only planet Earth 3D/Zero is the only exception where beings from the positive state (a minority) and the negative (a most) state are encountering, and the differences in vibrations and spiritual level are enormous because there is an experiment with a life without God. Especially in the last decades, thanks to the transformation of humankind and the Earth, scissors are growing even more, and loving people are rising on the spiral of the spiritual path, while in the negative people are more detecting their aggressiveness and evil qualities. In order for the experiment to be successful, humankind must be divided. Positive people will be taken away of this 3D reality and will continue with new bodies in the 5D, most often on the New Earth, negative and materialistic people will remain to show the whole Creation how life looks like without love. The whole operation is governed by The Lord Jesus Christ, and universe people from different dimensions of True Creation are helping Him/Her. The most well-known are the Pleiadians and the Andromedans, whose spaceships of various shapes (from disk to cigar) are ready to evacuate part of the inhabitants of Earth. By the supreme commander of the multimillion of fleet is Ashtar Sheran, an extremely responsible, loving being created by The Lord Jesus Christ for this demanding mission. His ships watch this sector during the winter months, and in the spring they are replaced by the fleet of Ptaah commander. Universe people help keep life on the surface of Zero by cleaning the air, especially from chemtrails, control all atomic weapons and power plants, have prevented several times from unleashing a nuclear conflict that would destroy the entire planet and prematurely terminate the experiment. This does not mean they interfere in any case. Due to the lessons and choices of the earthly mankind controlled by the Pseudocreators, smaller nuclear explosions and accidents, continuing pollution by plastics and toxic waste, air pollution, water and soil, the use of genetically modified crops, etc., must be allowed.

Since 2012, the number of people is growing who are lifted on spaceship of universe people for various reasons:

- saving life in the area of war or natural disaster
- a prearranged excursion of the contact people on ship and other planets, most often in 5D
- the ascension of prepared loving people in connection with the re-vibration, when the body from the Pseudocreators is replaced by a duplicate of The Lord

Jesus Christ, and the being continues his/her life on the New Earth or another planet 5D. This variant concerns the overwhelming majority of those who are ready to live in the positive state without having to experience classical death and transition into the intermediary world where the soul prepares for the next incarnation.

Among the Earth 3D population is many of the Pleiades beings incarnate and other stellar systems to help to increase vibrations of humankind and be an example of the positive life. A great many establish telepathic contact with the members of their spiritual family and bring valuable information about life beyond this planet. Among the best-known contacts are Ivo Aštar Benda, who leads <http://www.vesmirni-lide.cz>, where he published the books of New Revelation among others. After the launch of God's Family mission, the Team of God's Family will interconnect with the universe people not only on the New Earth, but at all levels and dimensions of the Multiverse.

31. THE BOOKS OF THE NEW REVELATION

Without the presence of God's Word, no matter how many beings accept it, it would not be possible the life anywhere in the Multiverse. Especially in the Zone of Displacement and on the planet Earth 3D/Zero, where the beings are in the negative state and have erased the memory of the only source of life, now The Lord Jesus Christ, the written God's Word in the form of holy books is a condition of survival. On the Zero is the most difficult situation, because there are information flowing from both contradictory states, whereas predominate those perverse and distorted from Pseudocreators and their minions. Because of the vast number of different religious and spiritual directions, it is difficult to find the true God's Word. In all, there are grains of truth, because neither the Pseudocreators can completely falsify the spiritual laws and principles. Until the 1980s, the most important and truest God's Word was the New Testament of Bible, where, despite censorship, it remained the most important of the teachings of Jesus Christ, the first direct incarnation of The Most High. But for security and other reasons, it was written in a spiritual language, and its literal interpretation may be misleading. The Old Testament of Bible, the Koran and other holy books already come from the Pseudocreators. It was only through the fusion of The Most High with Jesus and the emergence of the New Nature of God = The Lord Jesus Christ that it was possible to dictate the first God's Word without the use of an angel mediator directly from within of Peter Daniel Francuch, a Czech living in the United States. In the 80s and 90s, the most important books of The New Revelation of The Lord Jesus Christ were created: *Messages from Within*, *Four Concepts of Spiritual Structure of Creation*, *Fundamentals of Human Spirituality*, *Who Are You and Why Are You Here*, *Major Ideas of The New Revelation*, *The New Revelation of The Lord Jesus Christ*, *Corollaries to The New Revelation of The Lord Jesus Christ*, *Dialogs with The Lord Jesus Christ* 1st and 2nd part and several others. They are the truest books not only on the planet Earth 3D/Zero, and they provide in a literal language an explanation of the origin, duration and future elimination of the negative state and represent its originator Pseudocreators, describing the role of earthly humankind, the structure of Creation and the Zone of Displacement (Hells), the First and Second Coming of The Lord Jesus Christ, and the reasons for the New Nature of The Absolute God. In 2012, through <http://www.bozirodina.cz>, the second direct incarnation of The Most High = The Lord Jesus Christ was declassified, this time into the female body due to balance the male and female principles, which are in the Absolute State in balance. The Goddess Jana wrote the book *The New Revelation of The Lord Jesus Christ God's Family* (2014-15, Introduction 2012), initiating the transfer of the second portion of New Revelation, which focuses primarily on the

transformation of humankind and the earth, division and ascension, life on the New Earth and elsewhere Multiverse, pseudo-victory of the negative state on Earth 3D, convert of fallen beings and emptying the Zone of Displacement, etc. Continuation in the form of the *Additions of The New Revelation of The Lord Jesus Christ God's Family* and other books (e.g. *Conversations with The Lord Jesus Christ God's Family*) are dictated to archangel Rafael in the body of Michael and will be transmitted even after the Team of God's Family has been re-vibrated to the New Earth thanks to the interconnection of both realities (3D and 5D) through the Internet. All the books of The New Revelation are a prerequisite for eliminating the negative state, and their spreading and reading is desirable and pious.
